**RE: 2004, 2005 & 2006MY FORENZA/RENO, SAFETY-RELATED RECALL
CAMPAIGN for HEADLIGHT AND/ OR DRL MALFUNCTION**

Dear Sir/Madam,

We regret to inform you that certain Forenza/Reno model vehicles may have a quality problem which could pose a safety risk.

As a result, Suzuki motor corporation has decided to conduct a Safety Recall Campaign. We would like to request you to kindly take the following actions as below. Also, if necessary, please notify this campaign to your government or entity.

1. CONDITION

On some Forenza/Reno model vehicles, Head lamp low beam or DRL (Daytime Running Light) function may inoperative due to melted splice pack (S201) on IP harness.

2. AFFECTED VEHICLE INFORMATION

1) Affected Model:

2004-2006 MY Forenza/Reno equipped with DRL (Daytime Running Light) produced from start of production ~ Jan.18, 2006

2) Affected Countries and affected vehicle number

USA main land 92,316 units

Puerto Rico 1,647 units

Total 93,963 units

3) Affected Vehicles actually exported to your country

Affected vehicles actually exported to your country is to be informed from GMDAT by VIN list separately later on.

3. ACTION

- Contact the owners of the affected vehicles to let them bring their vehicles to your authorized dealers.
- Remove the incident 3 wires from the circuit in the splice pack (S201) on IP harness, which is located at the back of speedometer, and then joint them separately on all of the affected vehicles. For the working procedure, refer to GMDAT's bulletin which is to be provided separately later on.

4. COST REIMBURSEMENT

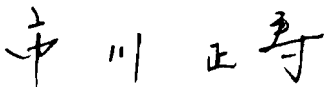

The cost incurred for this recall campaign will be reimbursed by GMDAT. Please submit claim data and invoice directly to GMDAT.

5. CAMPAIGN CODE

99-NB

We are very sorry for causing inconvenience to you. Your cooperation and assistance will be highly appreciated.

Sincerely,

Masatoshi Ichikawa
