

# Safety Recall ALERT

**Date:** November 19, 2007 **Number:** SRA-07-06  
**To:** All U.S. & Canadian Distributors  
**Attention:** Service Manager, Warranty Manager, Parts Manager, Dealer Principal  
**From:** Regulatory Affairs Department  
**Subject:** Safety Recall, RVXX0706, Steering Gear Mounting Bolts

**Safety Recall Summary:**

On certain Volvo VNL, VNM, and VT model vehicles manufactured from July 2007 through September 2007, there exists the potential that the bolts that attach the steering gear to the frame may not have been tightened to the specified torque.

The number of vehicles affected is approximately 2,645 (2,054 US, 224 Canada and 367 Export).

**Dealer's Responsibility:**

The National Traffic and Motor Vehicle Safety Act and Canadian Motor Vehicle Safety Act requires dealers to ensure that all new and used vehicles are free of safety defects and comply with all relevant safety standards at the time of delivery to the consumer.

Dealers should make their personnel aware of the safety recall. In the event that a dealer has a vehicle included in the safety recall in their inventory to be sold, the condition must be corrected before releasing it to a customer.

**Release Schedule:**

- Repair Instructions are tentatively scheduled for release no later than November 28, 2007.
- Vehicle list is tentatively scheduled to be posted on the Trucks Dealer Portal November 19, 2007.
- Owner Notices are scheduled to be mailed on or before December 3, 2007.

**Questions:**

Contact the Regulatory Affairs Department at [vtna.regulatoryaffairs@volvo.com](mailto:vtna.regulatoryaffairs@volvo.com) if you have questions.
