Copy of Letter to Owner Subject: Sterling 360 Vacuum Hoses

This notice is sent to you in accordance with the requirements of the National Traffic and Motor Vehicle Safety Act. This notice is also sent in accordance with the Canadian Motor Vehicles Safety Act.

Freightliner LLC, as the importer for Mitsubishi FUSO Truck and Bus Corp., has decided that a defect which relates to motor vehicle safety exists on specific Sterling 360 vehicles manufactured between January 11, 2006, and September 4, 2006.

Certain vacuum hoses used in the brake booster system may have been manufactured with insufficient thickness, allowing the hose to collapse during normal vehicle operation. Collapse of the vacuum hose could reduce brake booster effectiveness, resulting in increased stopping distance and a possible vehicle crash or personal injury.

The vacuum hoses will be replaced.
