**RE: Owner Notification of Vehicle Safety Defect  
Federal Recall Campaign 07V-037**

Dear Country Coach Owner:

This notice is sent to you in accordance with the requirements of the National Traffic and Motor Vehicle Safety Act, CFR 49, 573.5 and 573.6.

**DESCRIPTION OF SAFETY DEFECT:**

Country Coach has decided that certain Intrigue motor homes manufactured with the Tuthill 1660 independent front suspension have front air brake hoses that could potentially be chaffed and/or rubbed by the steer axle tires or chassis components under certain conditions.

A motor home being operated with a brake hose rubbing, chaffing and/or snagging damage could suffer a sudden loss of braking on a steering wheel if the hose ruptured. The sudden loss of braking could cause the motor home to suddenly pull sharply to one side. If the brake treadle continued to be applied, a low air situation could develop and activate the rear spring brakes resulting in a sudden, unplanned stop. Either of these instances could have the potential to result in a vehicle accident.

**MODELS AFFECTED:**

Model Year: 2007 Intrigue motor homes manufactured from July 2006 through  
November 2006

**VIN Range:** 4U7B8EZ1X71010067 – 4U7B8DZ1071010122

***See attached listing for specific coach numbers included in this recall.***

**REMEDY:**

To correct the condition noted above, Country Coach decided to update the front brake line configuration and routing. This work will be performed at no cost to the consumer. All removed parts must be destroyed by such means as to preclude their re-use. The amount of labor required to perform this remedy is not expected to exceed **one (1) hour**.

If you had this remedy performed before you received this letter, you may be eligible to **receive** reimbursement for the cost of obtaining a pre-notification remedy of the problem associated with this recall. For more information regarding this recall contact Country Coach Inc. Compliance Administration at **1-800-452-8015**, extension 8382.
