### **RE: Safety Recall Action P004 – Brake Light Switch Replacement**

**Vehicles Affected: Land Rover Freelander**

**Model Years: 2002 through 2005**

#### **Dear Land Rover Owner:**

This notice is the second notification relating to this recall action and is sent to you in accordance with the requirements of the National Traffic and Motor Vehicle Safety Act. Land Rover has decided that a defect, relating to motor vehicle safety, exists in 2002 through 2005 Freelander vehicles. Your vehicle is part of this recall action.

#### **What is the Concern?**

Land Rover has identified a concern with the brake light switch and is undertaking a no-charge Recall Action (P004) for affected vehicles. The fault could result in the brake lights remaining illuminated even when the brake pedal is not depressed. Improperly functioning brake lights could result in the vehicle being involved in a crash.

The initial notification, identified as Recall Action P002, indicated that the new specification replacement parts were not yet available and that an inspection procedure should be performed. This notification is to inform you that the new-specification brake light switch parts are now available to perform the required repair to your vehicle. Regardless of any action that may have been taken under campaign P002, the repair announced in this letter must be performed. The repair will be provided at no charge by your authorized Land Rover Retailer.

#### **What should you do?**

Please contact your authorized Land Rover Retailer at your earliest convenience to schedule an appointment to have Safety Recall Action P004 completed on your vehicle. Please provide the Retailer with your Vehicle Identification Number (VIN) located in the lower left corner of the windshield.

In the time prior to the Recall repair please be aware of the potential for the brake lights to remain illuminated when the brake pedal is not depressed. A visual inspection will indicate if this problem exists on your vehicle.

#### **What will Land Rover and your Land Rover Retailer do?**

Your authorized Land Rover Retailer will perform at no charge the installation of the new-specification replacement brake light switch.

#### **How long will it take?**

The repair work will be carried out as quickly and efficiently as possible in order to minimize inconvenience to customers. It is expected to take less than a half hour, although your Retailer may need your vehicle for a longer time due to service scheduling requirements.

#### **What you should do if you have already paid to have this repair completed?**

If you meet all the following requirements, you are eligible to receive reimbursement:

1. You own or have owned a 2002-2005 MY Freelander.
2. You have paid to replace the brake light switch.

Mahwah, New Jersey 07430

Telephone: (201) 818 8500  
Fax: (201) 818 9770

3. The repair was performed before March 23, 2007.
4. You have an original or legible copy of the paid repair order or invoice showing:
  - A description of the concern reported
  - Itemized parts and labor charges
  - The vehicle model and year and the vehicle identification number
  - The repair date
  - Repair mileage
  - Name and address of the authorized Land Rover Retailer or licensed repair shop
  - Your name and address at the time of the repair

If you have all of the above information, present it to the Service Manager at your authorized Land Rover Retailer and they will arrange reimbursement of your claim. Please ensure that you retain copies of all of the paperwork supporting this claim.

**Attention Leasing Agencies:**

**Federal regulations require that you forward this recall notification to the lessee within TEN days.**

**Moved or no longer own a Land Rover?**

If you are no longer the owner of this vehicle, Land Rover would greatly appreciate the name and address of the new owner, using the enclosed return postage-paid card.
