## SAFETY RECALL 07506

MAY 2007

Dear International Customer,

This notice is sent to you in accordance with the requirements of the National Traffic and Motor Vehicle Safety Act.

International® has decided that a defect which relates to motor vehicle safety exists in the Davco® Fuel Pro® 382 fuel filter of certain 7000, 8000, 9000 and ProStar™ models built 12/1/2006 thru 2/21/2007.

### ***REASON FOR THIS RECALL***

When the key is in the "ON," position, the pre-heater, located in the fuel filter base, is energized. If this pre-heater is energized while maintenance is being performed on the fuel filter, diesel fuel could ignite within the filter housing.

### ***RISK TO MOTOR VEHICLE SAFETY***

A fire within the fuel filter housing may spread possibly resulting in property damage or personal injury.

### ***ACTIONS YOU SHOULD TAKE***

PLEASE contact your local International dealer to schedule an appointment to have your vehicle repaired. You may locate your nearest International dealer by calling 1-800-44-TRUCK or by visiting:

The repair will involve an inspection and/or replacement of the pre-heater.

Dealers will have parts and instructions to repair your vehicle by 5/18/2007.

This will be performed *free of charge* and may take approximately *15 minutes* to complete.

### ***IF YOU DO NOT OWN THIS VEHICLE***

Our records indicate you are the owner of the vehicle identified on the enclosed card. If you do not own this vehicle, please fill out the **Authorization for Recall Service** card so you will not be contacted again regarding this recall.
