SAMPLE OWNER NOTIFICATION LETTER
UNITED STATES]

June 2007

Dear Volvo Owner:

This notice is sent to you in accordance with the requirements of the National Traffic and Motor Vehicle Safety Act.

The reason for this campaign:

Volvo Cars of North America, LLC. (Volvo) has decided that a defect related to motor vehicle safety exists in the fuel pressure sensor of certain model 2003-2004 S60 and V70 vehicles.

In certain vehicles, the fuel pressure sensor may crack, sending an incorrect signal to the Electronic Control Module (ECM). When this occurs, the Check Engine Light will illuminate and the vehicle may experience a loss of power, increasing the risk of a crash.

The corrective action will be to replace the fuel pressure sensor with a part of a modified design.
