**1998-2002 B-SERIES CRUISE CONTROL DEACTIVATION SWITCH
SAFETY RECALL 4707H – SUBSEQUENT NOTICE**

Dear Mazda Owner:

This notice is sent to you in accordance with the requirements of the National Traffic and Motor Vehicle Safety Act.

In September 2007 you received a notice regarding Safety Recall 4707H, 1998-2002 B-Series Cruise Control Deactivation Switch, requesting you to schedule an appointment with your dealer to have the Cruise Control Deactivation Switch disconnected as an interim repair, and that Mazda would notify you when parts became available to perform the final repair.

We are pleased to inform you that service parts are now available to complete the repair of your vehicle.

What is the problem?

On certain 1998-2002 Mazda B-Series vehicles, a component of the cruise control deactivation switch may deteriorate over time and develop a leak. This occurrence could cause the switch to overheat, smoke, or burn which could result in an underhood fire. This condition may occur either when the vehicle is parked or when it is being operated, even if the cruise control is not in use.

What will Mazda do?

Your Mazda dealer will install a fused wiring harness into the cruise control system or, if necessary, replace the cruise control deactivation switch on your vehicle **free of charge**.

The repair time is approximately one hour; however, the dealer may need to keep your vehicle longer depending on the service workload at your Mazda dealership.

What should you do?

Mazda is concerned about your safety, and we encourage you to make an appointment with any authorized Mazda dealer to have the permanent repair performed as soon as possible. You do not need to bring this notice to the dealer, but it may assist in the check-in process.

Where is the closest Mazda dealer?

To locate your nearest Mazda dealer, visit our web site and try our "Locate a Dealer" feature at www.MazdaUSA.com or consult your local yellow pages.

What if you have already paid for repair of the cruise control deactivation switch?

If you paid for the inspection, repair, or replacement of the cruise control deactivation switch due to a defect prior to receiving this notice you may be eligible for reimbursement of reasonable repair expenses based on Mazda's repair standards. Please complete the enclosed "Reimbursement Application Form," including the necessary documentation, and mail it to us in the pre-addressed envelope provided, allowing 6-8 weeks for processing.

Moved or no longer own this vehicle?

If you have moved or no longer own your B-Series vehicle, please complete the enclosed prepaid *Information Change Card* as soon as possible. This enables us to update our records and notify the current owner.

Federal law requires that any vehicle lessor receiving this recall notice must forward a copy of this notice to the lessee within ten days.

Still have questions?

If you have any questions regarding this campaign, please contact our Customer Assistance Center at (800) 222-5500, option #4.

If Mazda or its dealers do not repair the defect free of charge and within a reasonable amount of time, you may notify the Administrator of the National Highway Traffic Safety Administration, 1200 New Jersey Ave., SE., Washington, DC 20590; or call the toll-free Vehicle Safety Hotline at 1-888-327-4236 (TTY: 1-800-424-9153); or go to <http://www.safercar.gov>.

Your safety is a priority for Mazda. We actively work to improve our products and search for solutions to improve your ownership experience. Please accept our apologies for any inconvenience this recall may have caused you.

Sincerely,

Mazda North American Operations
