VEHICLE SAFETY DEFECT SERVICE BULLETIN
Recall Campaign No. 07V481000
Monaco File # R07037

Re: Safety Recall – Villa Isri Air Base Seat

Dear Owner:

This notice is sent to you in accordance with the requirements of the National Traffic and Motor Vehicle Safety Act.

Monaco Coach Corporation has decided that certain 2006-2008 Monaco Signature Class A Motorhomes manufactured from December 14, 2005 through September 7, 2007, fail to conform to the requirements of Federal Motor Vehicle Safety Standard No. 207, "Seating Systems" and has initiated a voluntary safety recall campaign. This recall campaign has been initiated as the result of a recall notice furnished to the National Highway Traffic Safety Administration ("NHTSA") by seating manufacturer Villa International, as described below.

According to our information, your unit identified on the enclosed form is affected. *Federal law requires that any vehicle lessor receiving this recall notice must forward a copy of this notice to the lessee within ten days.*

Monaco Coach Corporation was notified by Villa International that certain air ride driver seats with Isri air suspension and a V2500/V2000 ISS ADNIK/VILLA frame manufactured by Villa International between July 2005 and September 17, 2007 fail to conform to Federal Motor Vehicle Safety Standard No. 207, "Seating Systems." The lower slide rails of the air suspension can fail in the event of a vehicle crash, potentially leading to separation of the seat from the seat pedestal which may lead to personal injury of the vehicle occupant(s).

The remedy will involve the installation of two additional front tethers between the air ride adapter plate and the pedestal mount. The recall repair will be performed at no cost to you. If you had the noncompliance, which is the subject of this letter, remedied prior to receiving this letter, you may be eligible for reimbursement by Monaco Coach Corporation for your remedy costs.

You may contact your Monaco Coach Corporation dealer to arrange for a service appointment. Instructions for making this correction have been sent to your dealer and parts are readily available.

The labor time necessary to perform this recall campaign is approximately 0.5 hours. Please ask your dealer if you wish to know how much additional time may be needed to schedule and process your motorhome.

The enclosed Recall Notification Form identifies your motorhome and will serve as an authorization and claim form to have the correction made. Presentation of this form to your dealer will assist in making the necessary correction in the shortest possible time. If you have sold or traded your vehicle, or for any reason cannot have this recall service performed, please let us know by completing the postage paid reply card and returning it to us promptly.

Your Monaco Coach Corporation dealer is best equipped to provide service to ensure your motorhome is corrected as promptly as possible. If, however, you take your unit to your dealer on the agreed service date and the dealer does not remedy this condition on that date or within three (3) days, please call our toll free recall hotline at (800) 685-6545 or our toll free number for Technical Service at (877) 466-6226..

If, after contacting your dealer, and the recall assistance service line, you believe Monaco Coach Corporation has failed or has been unable to remedy the noncompliance without charge or there has been an unreasonable delay in securing the remedy, you may submit a complaint to the Administrator, National Highway Traffic Safety Administration, 1200 New Jersey Avenue SE, Washington, DC 20590; or call the toll-free Vehicle Safety Hotline at 1-888-327-4236 (TTY:1-800-424-9153); or go to <http://www.safercar.gov>.

We apologize for any inconvenience that this may cause you. However, we have taken this action in the interest of your safety and continued satisfaction with your Monaco Coach Corporation Signature Motorhome.

Sincerely,

Michael R. Becker
Customer Service Manager
