Subject: TRW TAS85 Steering Gears**

This notice is sent to you in accordance with the requirements of the National Traffic and Motor Vehicle Safety Act. This notice is also sent in accordance with the Canadian Motor Vehicles Safety Act.

Daimler Trucks North America LLC, on behalf of its Freightliner Trucks Division and its wholly owned subsidiaries, Sterling Truck Corporation and Western Star Truck Sales, Inc., has decided that a defect that relates to motor vehicle safety exists on specific Freightliner Argosy, Business Class M2, Cascadia, Century S/T, Columbia, Coronado, FLD (glider), FLD SD, Classic, and Classic XL vehicles; Sterling A/L-Line vehicles; and Western Star 4900 vehicles manufactured between May 2007 and November 2007 with certain TRW steering gears.

Certain TRW TAS85 steering gears may have incorrectly machined sector shaft teeth which may cause the gear assembly to bind or stick. This condition may potentially restrict the steering turning angle, resulting in reduced maneuverability which could lead to a vehicle crash.

Steering gears will be inspected and affected gears will be replaced.

To locate a dealer, search online at www.FreightlinerTrucks.com or contact the Warranty Campaigns Department for assistance. Parts are now available for authorized dealers to order.
