Kelly – Here's our suggested modifications:

- 1) Can you modify the Summary to include the 09Jan07 ship date?

Summary:

Certain Delphi fuel pressure regulators, p/nos. FP10020-11B1, FP10026-11B1, and FP10027-11B1, sold after 09Jan07 as aftermarket equipment for various passenger vehicles (listed above).....

- 2) The phone number listed in the Remedy is incorrect. I've been told we will have a phone number available tomorrow/Thursday. Can you wait on posting the phone number or can you easily change it later?

Thanks
