ETON America announces voluntary recall of 2005 Beamer and Beamer Matrix Scooters

March 13, 2007

ETON America, LLC of Spartanburg, S.C. is providing replacement rear wheels for 1,000 Beamer and Beamer Matrix scooters with defective rear wheel rims that can suffer structural damage during use. E-TON has determined that certain 2005 Beamer scooters may develop stress cracks on the rear wheel in the area of the brake drum attachment, possibly compromising the integrity of the rear wheel rim. Consumers should refrain from operating units that may be affected until the unit is repaired. The defective wheels may become unstable or collapse, resulting in an accident that could cause injury or death.

Injuries:
No injuries reported.

Products Affected:
Model year 2005 E-TON Beamer II (PN2B) and Beamer Matrix (PN2C) 49cc Scooters

Distribution:
Units were sold by E-TON dealers in North America from April 2004 to present. The Beamer Scooter retailed for $1599. The Beamer Matrix scooter retailed for $1799.

Remedy:
Customers affected by the recall will be issued notifications via first class mail addressed to the recipient in E-TON's unit registration records. Additionally, a list of affected VINs is available on the E-TON web site (www.etonamerica.com). Consumers with recalled units should return the unit to a local E-TON dealer to have a replacement wheel installed.

2005 Beamer II with Defective Rear Wheel Assembly

Rear Wheel Lot ID Number is “3.50x10DOTRS0905”.

2005 Beamer II and Beamer Matrix Recall

Dear AAA Motorsports,

E-TON has determine that certain 2005 E-TON Beamers and Beamer Matrix Scooters may develop stress cracks on the rear wheel in the area of the brake drum attachment.

E-TON is voluntarily recalling these units and requesting you to replace the rear wheel and tire assembly on these units per the instructions on the enclosed Service Bulletin #SB-0050.

Also enclose is a list of the affected unit which have been shipped to your store along with the owner registration information of each unit. Replacement rear wheels and tire assembles are being shipped to your store to perform this replacement. As you replace the rear wheel and tire assembly please sign and date the enclosed Warranty Claim Form and when all replacement have been completed return this form to ETON America and a warranty credit will be issued to your account for the total allotted time for this replacement. The replaced rear wheels are to be discarded and not returned to ETON America.

Each registered owner has been notified by First Class letter of this recall.

Sincerely,

ETON America
Quality Assurance Department

Service Bulletin

Bulletin No:	**0050**
Date:	**03/01/2007**

Beamer rear wheel inspection and removal.

Put the bike on the center stand and let the exhaust cool down before installation . Then remove the (2) 10mm bolts from the exhaust pipe flange on the bottom of the cylinder. The remove the (2) 12mm bolts from the exhaust RH side. Once the exhaust is removed then, remove the 24mm wheel nut and washer. Remove the wheel and replace with a new factory wheel and rim.
