Dear Mr. Person:

We are in receipt of your letter dated December 4, 2007, wherein you indicate that the Office of Defects Investigation, Recall Management Division (RMD) is conducting a review of the Freightliner LLC chassis recall referenced above.

National RV has reviewed this matter and responds to your request for information as follows:

- 1) **Identify all motor vehicles:** see attached
- 2) **Provide the total number obtained by National RV:** 191
- 3) **Provide the number of any recalled units that remain under the direct control of National RV:** none
- 4) **Provide the number of complete motor vehicles with said defect that are in dealer's inventory or sold to customers:** On Friday, November 30, 2007, National RV Holdings, Inc. and its wholly owned subsidiary National RV, Inc. filed voluntary petitions under the provisions of Chapter 11 of the United States Bankruptcy Code in the United States Bankruptcy Court, Central District of California, Riverside Division. National RV is in the process of liquidation and is unable to provide a response due to lack of personnel.
- 5) **Provide the number of completed motor vehicles with said defect that have been sold to consumers and registered under State motor vehicle regulations:** please see response to #4.
- 6) **Assessment of remedy:** National RV does not endorse limiting the recall to customers with units under 15,000 miles. All units falling within the suspected range should be inspected for the potential defect, regardless of mileage.
- 7) **Please advise us whether or not National RV intends to notify its owners, purchasers and dealers:** Please see response to #4.
