

NHTSA SAFETY RECALL

STRUT BOLTS REPLACEMENT RECALL #07V-580 SUPPLEMENT

IDENTIFICATION:

All 2005 Bulldog, Chopper and Mastiff models.

All 2006 Chopper, K-9 and Mastiff models.

All 2007 Bulldog, Chopper, K-9 and Mastiff models

All 2008 K-9, Mastiff and Mutt models built on or before 30 NOV 2007.

ACTION: Remove strut bolts and install Strut Hardware Kit P/N 243-000010-00 or Strut Hardware Kit P/N 243-000012-00.

NOTE: Use installation instructions found in Recall #07V-580, released earlier.

IMPORTANT – Always check fitment before installation. The washer must sit flat and rotate freely in the counter bore. It may be necessary and it is acceptable to de-burr the edges of the washers to allow the proper fitment. If assistance is needed, please contact Big Dog Motorcycles Technical Support at 316-219-7000.

STRUT HARDWARE KIT P/N 243-000010-00

ITEM	DESCRIPTION	QTY
1	3/8-16 x 1.20" SHCS, partial thread	4
2	3/8" wedge lock washer, 0.650" OD	4

Use this kit on all 2005 – 2007 Chopper and 2008 Mutt models, as well as all models in which the washer seats properly and rotates freely in the bottom of the counter bore.

STRUT HARDWARE KIT P/N 243-000012-00
