Noncompliance Report Guide for Equipment  
**PART 573 Defect and Noncompliance Responsibility and Reports<sup>1</sup>**

On June 28, 2008, K2 MOTOR [MFR] decided that a noncompliance with Federal Motor Vehicle Safety Standard No. 108 exists in items of motor vehicle equipment listed below, and is furnishing notification to the National Highway Traffic Safety Administration in accordance with 49 CFR Part 573 Defect and Noncompliance Responsibility and Reports.

Date this report was prepared: July 3, 2008

Furnish the manufacturer's identification code for this recall (if applicable): NA

1. Identify the full corporate name of the fabricating manufacturer/brand name/trademark owner of the recalled item of equipment. If the recalled item of equipment is imported, provide the name and mailing address of the designated agent as prescribed by 49 U.S.C. §30164.

G-FORMANCE CORP.  
12F-2, NO. 410, SEC 5, JHONGSIAO E. RD  
SINYI DISTRICT, TAIPEI CITY 110, TAIWAN (ROC)

Identify the corporate official, by name and title, whom the agency should contact with respect to this recall.

HARRY KOW ACCT. MANAGER  
BRYAN CHAN OWNER

Telephone Number: 909-839-2580 Fax No.: 909-839-2522

Name and Title of Person who prepared this report.

HARRY KOW  
ACCT. MANAGER

Signed:

[Signature]

<sup>1</sup> Each manufacturer must furnish a report, to the Associate Administrator for Enforcement, for each noncompliance condition.

AMENDED AUG 4, 2008

See List 1

I. Identify the Recalled Items of Equipment

2. Identify the Items of Equipment Involved in this Recall, for each make and model or applicable item of equipment product line (provide illustrations or photographs as necessary to describe the item of equipment), provide: (REVISED)

Generic name of the item:

Make: HONDA CIVIC Model: 01-03 CIVIC

Part Number: LHPCV01JMB Size: LHPCV01JMB SIZE = NA

Function: PROJECTOR HEADLAMP

Other information which characterizes/distinguishes the items of equipment to be recalled:

PROJECTOR HEADLAMP WITHOUT AMBER SIDE  
REFLEX REFLECTOR

Make: FORD F150 Model: 97-03 F150

Part Number: LHP-F15097-1PC Size: NA

Function: PROJECTOR HEADLAMP

Other information which characterizes/distinguishes the items of equipment to be recalled:

PROJECTOR HEADLAMP WITHOUT AMBER SIDE  
REFLEX REFLECTOR

Make: CHEVY Model: 03-05 SILVERADO

Part Number: SILVERADO Size: NA

Function: LBLHP SIV03JMHY

Model Years Involved: 2003-2005

Other information which characterizes/distinguishes the items of equipment to be recalled:

PROJECTOR HEADLAMP WITHOUT AMBER SIDE  
REFLEX REFLECTOR

Make: \_\_\_\_\_ Model: \_\_\_\_\_

Part Number: \_\_\_\_\_ Size: \_\_\_\_\_

Function: \_\_\_\_\_

Other information which characterizes/distinguishes the items of equipment to be recalled:

AMENDED Aug 4 2008

3

8

Identify the approximate percentage of the production of all the recalled models manufactured by your company between the inclusive dates of manufacture provided above, that the recalled model population represents. For example, if the recall involved Widgets equipped with certain items of equipment from January 1, 1996, through April 1, 1997, then what was the percentage of the recalled Widgets of all Widgets manufactured during that time period.

II. Identifying the Recall Population

SEE LIST 1

3. Furnish the total number of items of equipment recalled potentially containing the noncompliance.

(REVISED)

Items Model	Year	Number of Potentially
<u>Involved</u>		
HONDA CIVIC	2001-2003	14
FORD F150	1997-2003	89
CHEVY SILVERADO	2003-2005	66

Total Number Potentially Affected by the Recall:

~~169~~

1921

4. Furnish the approximate percentage of the total number of items of equipment estimated to actually contain the noncompliance:

10%

Identify and describe how the recall population was determined--in particular how the recalled models were selected and the basis for the beginning and final dates of manufacture of the recalled items of equipment:

We used the total items we purchased and received from the manufacturer from Jan 1, 2004 to July 3, 2007. Based on the total numbers, we estimated that 10% of these items were shipped to us by mistake of the manufacturer.

### III. Describe the Noncompliance

5. Describe the noncompliance. The description should address the nature and physical location of the noncompliance. Illustrations should be provided as appropriate.

The noncompliance is because the projector headlamps do not have the amber (yellow) side reflex reflectors. They have clear side reflex reflectors.

Describe the cause(s) of the noncompliance condition.

In certain markets such as European and Asian markets, their government agencies do not require the projector headlamps to be equipped with amber side reflex reflectors. Our supplier have shipped these non-compliance headlamps to us by mistake.

Describe the consequence(s) of the noncompliance condition.

In U.S.A, the head lamps equipped with clear side reflex reflector or without amber side reflex reflectors are considered unsafe. It may affect or decrease the lighting visibility and may cause car accident.

Identify any warning which can (a) precede or (b) occur.

We will send the recall letters to our customers who have purchased these headlamps from us and explained to them about the dangers of these products.

If the noncompliance is in a component or assembly purchased from a supplier, identify the supplier by corporate name and address.

G-FORMANCE CORP. (TAIWAN)  
12-F, No 410, Sec 5, Zhong E Rd. Sinyi District,  
Taipei City 110, Taiwan (ROC)

Identify the name and title of the chief executive officer or knowledgeable representative of the supplier:

TRISTA CHIEN

#### IV. Provide the Chronology in Determining the Noncompliance

6. With respect to a noncompliance, identify and provide the test results or other data (in chronological order and including dates) on which the noncompliance was determined.

Based on NHTSA / DOT, FMVSS No 108, we have learned that certain lighting equipment must comply the standards and requirements listed in paragraph 55.1.1. table I through IV. We have received letters from the DOT about the non-compliance on JAN 16, 2008

#### V. Identify the Remedy

7. A description of the manufacturer's program for remedying the noncompliance. This program shall include a plan for reimbursing an owner or purchaser who incurred costs to obtain a remedy for the problem addressed by the recall within a reasonable time in advance of the manufacturer's notification of owners, purchasers and dealers, in accordance with §573.13 of this part. A manufacturer's plan may incorporate by reference a general reimbursement plan it previously submitted to NHTSA, together with information specific to the individual recall. Information required by §573.13 that is not in a general reimbursement plan shall be submitted in the manufacturer's report to NHTSA under this section. If a manufacturer submits one or more general reimbursement plans, the manufacturer shall update each plan every two years, in accordance with §573.13. The manufacturer's remedy program and reimbursement plans will be available for inspection by the public at NHTSA headquarters.

We will send out the recall letters to our customers who have purchased these headlamps from us. We will give the customers refund or exchange of these headlamps free of charge.

8. Furnish a description of the manufacturer's remedy for the noncompliance. Clearly describe the differences between the recall condition and the remedy.

Condition = Customers who have purchase these headlamps from JAN 1, 2008  
Remedy = Either - Refund or exchange of items free of charge

Clearly describe the distinguishing characteristics of the remedy component/assembly versus the recalled component/assembly.

If the customer decide to exchange the items, we will replace or exchange the headlamps equipped with amber (yellow) side reflex reflectors.

Identify and describe how and when the recall condition was corrected in production. If the production remedy was identical to the recall remedy in the field, so state. If the product was discontinued, so state.

We have stopped selling these headlamps and returned the remaining inventory to our supplier G-FORMANCE CORP (TAIWAN).

#### VI. Identify the Recall Schedule

9. Furnish a schedule or agenda (with specific dates) for notification to other manufacturers, dealers/retailers, and purchasers. Please, identify any foreseeable problems with implementing the recall.

In July 18, we will send out the recall letter to our supplier and customer about this recall and the recall remedy. We will send it through FAX and/or Email or mail.

The only foreseeable problem is that the customer may have moved or changed of address, that is why we will contact them by fax or email just in case if they cannot be contacted by mail.

## VII. Furnish Recall Communications

10. Furnish a final copy of all notices, bulletins, and other communications that relate directly to the noncompliance and which are sent to more than one manufacturer, distributor, or purchaser. This includes all communications (including both original and follow-up) concerning this recall from the time your company determines the noncompliance condition on, not just the initial notification. *A DRAFT copy of the notification documents should be submitted to the Office of Defects Investigation by Fax (202-366-7882) for review prior to mailing.*

Note: These documents are to be submitted separately from those provided in accordance with Part 579.5 requirements.

*This is the recall letter faxed to the  
office of defects investigation for approval prior to  
mailing*

**A copy of the completed Part 573 report guide should be  
faxed to:**

**(202) 366-7002**
