Re: Amendment to Defect Information Report; Motion
Pro, Inc.; Recall No. 08E052

Dear Mr. Smith:

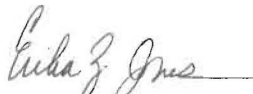

On August 14, 2008, Motion Pro, Inc. (Motion Pro), submitted a Defect Information Report pursuant to 49 CFR Part 573 covering approximately 10,000 aftermarket brake levers that could contain a safety-related defect when installed on certain specified models of Suzuki motorcycles. NHTSA Recall No. 08E052.

Motion Pro has subsequently determined that the safety defect can also exist when those brake levers are installed on model year 1998-2003 Yamaha Model YZF R1 motorcycles. Please adjust your records accordingly.

Please note that this amendment does not affect the number of brake levers covered by the defect determination.

If you have any questions, please do not hesitate to contact the undersigned at (202) 263-3232 or Ken Weinstein at (202) 263-3259.

Sincerely,

Erika Z. Jones
