Re: Keystone RV Company
Defect and Non-Compliance Report

Dear Mr. Smith:

Keystone RV Company ("Keystone") has decided that a defect which relates to motor vehicle safety exists in the recreational vehicles listed below, and is furnishing notification to the National Highway Traffic Safety Administration in accordance with 49 CFR Part 573 Defect and Noncompliance Reports.

- A. Recall Population and Vehicle Identification. The recall population includes the following product brands manufactured by Keystone.

<u>Product Brand</u>	<u>Number of Vehicles</u>
2007 Fuzion Fifth Wheels Production Dates: 2/15/2007 & 3/23/2007 VIN Range: 4YDF373227F810113 & 4YDF373297F810268	2
2008 Fuzion Fifth Wheels Production Dates: 4/27/2007 – 8/17/2007 VIN Range: 4YDF373298F810000 - 4YDF373268F810519	245

The total number of vehicles subject to this recall campaign is: 247

- B. Description of Defect. The vehicles subject to this recall campaign have been manufactured with excess length in the propane hose for the slide room allowing the hose to droop too close to the tire. The propane line may become damaged as a result of contact with the tire. A propane leak, in the presence of an ignition source, could result in a fire and/or explosion causing property damage and/or personal injury.

- C. Basis for Determining that a Defect Exists. The problem was confirmed during a review of warranty claims. All Fuzion 373 models manufactured with the excess length hose are included in the recall population.
- D. Remedying of Defect. The remedy is to replace the propane hose with one of a shorter length and also shorten the hose support to move the hose away from the tire.
- E. Owner Notifications. Keystone will notify the owners of the recreational vehicles by letter beginning on February 1, 2008 pending NHTSA approval. A final copy of the owner letter will also be provided to NHTSA, along with the dealer repair procedures.
- F. Quarterly Reporting Requirements. Keystone will be filing quarterly reports in connection with this recall campaign.
- G. Campaign Number. Keystone's identification code for this recall is 08-100.

If you need any additional information regarding this recall campaign, please feel free to contact me at 574-537-3925.

Sincerely,

Garett Carolus
Keystone RV Company
Technical Manager
