Dear Ms. Wallace:

On January 25, 2008, Crane Carrier Company (manufacturer) decided that a non-compliance with 49 CFR Part 571.121 exists in certain motor vehicles, and is furnishing notification to the National Highway Traffic Safety Administration in accordance with 49 CFR, Part 573.6, Defect and noncompliance information report.

Manufacturer: Crane Carrier Company
1925 N. Sheridan Rd.
Tulsa, OK 74158

Contact: Jeffrey L. Carpenter
Director of Service
Phone: (918) 832-7305
Fax: (918) 832-7333

The non-compliance was determined as a result of recent compliance audit testing conducted on air brake systems and relates to application timing (section S5.3.3.1) and release timing (section S5.3.4.1). The vehicles involved are 2 axle refuse cab and chassis.

Crane Carrier will supply NHTSA the cause, scope, remedy, test results, and a complete list of affected vehicles with owner information as soon as the research is complete. A draft Owner Notification Letter will be submitted at that time.

Sincerely,

Jeffrey L. Carpenter
Director of Service
