- B. Description of Defect. The vehicles subject to this recall campaign were manufactured with the incorrect information on the Federal Identification Tag and the Tire and Loading Information Label. The tag lists the tire size as 205/75R14C and it should be 205/75R15C.
- C. Basis for Determining that a Defect Exists. The defect was discovered during a review of the information listed on the tag. A review of the information stored on file for each vehicle led to the determination of the beginning and ending production range.
- D. Remedying of Defect. The remedy is to replace the Federal Identification Tag and Tire and Loading Information Label with the correct one supplied by Keystone.
- E. Owner Notifications. Keystone will notify the owners of the recreational vehicles by letter beginning on May 23, 2008 pending NHTSA approval. A final copy of the owner letter will also be provided to NHTSA.
- F. Quarterly Reporting Requirements. Keystone will be filing quarterly reports in connection with this recall campaign.
- G. Campaign Number. Keystone's identification code for this recall is 08-106.

If you need any additional information regarding this recall campaign, please feel free to contact me at 574-537-3925.

Sincerely,

Garett Carolus
