**AMENDED**

Dear Mr. Smith:

The following information is an update of the 573.6(c)(2)(3)(4)(6) information in our July 8, 2008 letter as it relates to a decision by General Motors to recall certain 2008 model year Chevrolet Express and GMC Savana G-Cutaway fleet van model vehicles for a condition in which the transmission may be damaged due to first gear engagement at highway speeds. This information is submitted pursuant to the requirements of 49 CFR 573.6.

GM is amending its July 8, 2008 letter to include certain 2008 model year Chevrolet Express and GMC Savana G-vans with alternate engine, axle ratio and speed limiting software configurations not included in the original recall.

Subsequent to the launch of the recall, GM became aware of 3 transmission failures in the expanded G-van population that exhibited a failure similar to the recalled vehicles. The determination was made to add certain 2008 model year Chevrolet Express and GMC Savana G-van vehicles to the recall on August 5, 2008.

573.6(c)(9): General Motors will provide the revised dealer bulletin and owner letter when available. GM anticipates sending the dealer bulletin on August 15, 2008 and owner letters on August 22, 2008.

If you have any questions regarding this revision to GM's July 8, 2008 letter please call.

Sincerely,

Gay P. Kent  
Director
