Re: Eldorado Kansas
Defect and Non-Compliance Report

Dear Mr. Smith:

Eldorado Kansas has been notified by Ricon concerning a safety non-compliance with FMVSS 403 involving wheel chair lift products built between April 1, 2005 and September 6, 2006 inclusive. Ricon has already initiated a safety recall campaign with respect to this non-compliance. NHTSA has assigned recall number 07E-097 to the Ricon recall campaign.

Pursuant to Part 573 of Title 49 of the Code of Federal Regulations, we are hereby notifying the National Highway Traffic Safety Administration that certain buses manufactured by Eldorado Kansas were built with Ricon wheel chair lifts that contain the non-compliance.

As more specifically set forth below, Ricon has agreed to conduct the recall campaign involving these non-compliant wheel chair lifts. Eldorado Kansas will provide Ricon with a list of dealers and owners to assist Ricon in remedying the non-compliance. Ricon will be filing the quarterly reports in connection with the recall campaign.

- A. Recall Population and Vehicle Identification. The non-compliant wheel chair lifts supplied by Ricon have been used on the following buses:

<u>Models</u>	<u>Model Years</u>
Aero Elite	2005, 2006, 2007, 2008
Aerolite	2005, 2006, 2007, 2008
Aerotech	2005, 2006, 2007, 2008
Transtech	2006, 2007, 2008

These buses were manufactured by Eldorado National - Kansas between April 2005 and December 2007.

The total number of buses subject to this recall campaign is 850.

- B. Description of Defect. The anti-stow interlock may not detect the presence of the 50 pound test weight when the weight is located close to the pivot point for the

- platform in accordance with the test procedures in S7 of FMVSS 403. No accidents have been reported as a result of this condition to date.
- C. Basis for Determining that a Defect Exists. Eldorado Kansas received notification from Ricon on or about July 21, 2008 that the non-compliance with the wheel chair lifts exists.
 - D. Remedying of Defect. As set forth in the notification issued by Ricon in connection with recall campaign 07E-097, Ricon will correct the wheel chair lift if found to be non-compliant. The owners of the buses subject to this recall campaign will be advised to contact Ricon in order to make arrangements to have the remedy completed by Ricon. Ricon will implement the recall campaign in accordance with the procedures specified in recall campaign 07E-097. Ricon has agreed to remedy the defect without charge to the owners.
 - E. Owner Notifications. Eldorado Kansas will provide Ricon the owner's information and assist them in contacting the bus owners. A copy of the owner's letter has been submitted with recall 07E-097.
 - F. Quarterly Reporting Requirements. Ricon will be responsible for filing quarterly reports in connection with recall campaign 07E-097. Because the information included by Ricon in its quarterly reports will encompass the remedying of the Eldorado Kansas buses subject to this recall campaign, Eldorado Kansas will not file quarterly reports to avoid duplication.
 - G. Campaign Number. Eldorado Kansas does not have an internal campaign number for this recall. Eldorado Kansas will use the recall campaign number assigned by NHTSA.

The enclosed information should comply with the NHTSA regulations and satisfy the obligations of Eldorado Kansas with respect to this recall campaign. If you need any additional information regarding the participation of Eldorado Kansas in this recall campaign, please feel free to contact me at 937-596-6849, Ext. 7363 or Eldorado Kansas at 800-850-1287.

Sincerely,

David M. Mihalick
Thor Industries, Standards Compliance Manager
