IMPORTANT RECALL INFORMATION #71221

January, 2008

**TO: ALL FLEETWOOD DEALER PRINCIPALS,
SERVICE MANAGERS
AND PARTS MANAGERS**

**SUBJECT: RECALL CAMPAIGN #71221
MODEL YEAR MAKE & MODEL
MAGNUM INVERTER**

Fleetwood Enterprises, Inc., on behalf of its subsidiary manufacturing center located in Decatur, Indiana is requesting your assistance in conducting a voluntary recall notification campaign in accordance with the National Traffic and Motor Vehicle Safety Act.

Fleetwood Enterprises, Inc., has decided that a defect which relates to motor vehicle safety exists in certain 2008 model year Expedition, Bounder Diesel, Discovery, Excursion and Revolution LE model motor homes. We are notifying owners in order to correct the problem. A copy of the letter sent to owners is enclosed for your information.

WHAT IS THE PROBLEM?

On certain 2008 Expedition, Bounder Diesel, Discovery, Providence, Excursion and Revolution LE model motor homes a FET (field effect transistor) board was installed by the manufacture, Magnum Energy, Inc. Circuitry inside certain Magnum inverters can cause an inoperative condition resulting in overheating of the inverter. Overheating of the inverter may result in a potential fire.

WHAT SHOULD YOU DO?

Owners of the above mentioned motor homes have been asked to contact a Fleetwood dealer to have the described defect remedied. In the event that you are contacted by a customer, please verify eligibility by referring to the serial number range listed in the enclosed Recall Service Bulletin #71221 prior to beginning the repairs.

Once repairs are completed, have the customer sign your dealership's Internal Repair Order and submit your request electronically through e-FDN, or you may also have the customer sign the Fleetwood Repair Order (form X-SR-042) and submit for reimbursement in accordance with Service Bulletin #71221. Customers will not be charged for these repairs.

If you have one of these vehicles in your inventory, you will be mailed a Safety Recall Notice for that specific motor home. Fleetwood is asking our dealers to make repairs to stock units on dealer lots prior to sale or lease.

Federal Law (Section 154 of the National Highway Traffic and Motor Vehicle Safety Act of 1966 requires that: If you have received a notice of recall or failure to comply from Fleetwood or any component manufacturer, you must repair or otherwise correct the defects on vehicles remaining in your inventory according to the notification, before selling or leasing the vehicles. Any vehicle lessor receiving this recall notice must forward a copy of the notice to the lessee within ten days.

Please review this entire package with your parts and service staff to familiarize them with the step-by-step procedure and implement the Voluntary Safety Recall Campaign.

Thank you for helping Fleetwood with its continuing efforts to maintain customer satisfaction. If you have any questions, please contact your regional Fleetwood Service Center.

Sincerely,

FLEETWOOD ENTERPRISES, INC.

A handwritten signature in dark ink, appearing to read "Tina Inkrote". The signature is fluid and cursive, with the first name "Tina" being more prominent than the last name "Inkrote".
