IMPORTANT RECALL INFORMATION #80624

July 2008

**TO: ALL FLEETWOOD DEALER PRINCIPALS,
SERVICE MANAGERS
AND PARTS MANAGERS**

**SUBJECT: RECALL CAMPAIGN #80624
2008/2009 MOTOR HOMES -
MANUFACTURER FEDERAL CERTIFICATION TAGS -
INCORRECT OCCUPANT CARGO CARRYING CAPACITY (OCCC)**

Fleetwood Enterprises, Inc., on behalf of its subsidiary manufacturing centers located in Riverside, California, Decatur, Indiana and Paxinos, Pennsylvania is requesting your assistance in conducting a voluntary recall notification campaign in accordance with the National Traffic and Motor Vehicle Safety Act.

Fleetwood Enterprises, Inc., has decided that certain 2008 and 2009 model year American Allegiance, American Eagle, American Heritage, American Tradition, Revolution LE, Bounder, Bounder Diesel, Discovery, Excursion, Expedition, Providence, Pace Arrow, Southwind, and Fiesta LX Class A motor homes and Pulse, Icon, Jamboree, Jamboree GT, Jamboree Sport, Tioga and Tioga Ranger Class C motor homes fail to comply with the requirements of the Code of Federal Regulations, Part 567, "Certification". These motor homes were manufactured at our Riverside, California, Decatur, Indiana and Paxinos, Pennsylvania manufacturing plants from May 19, 2008 through June 20, 2008.

We are notifying the owners of the affected units in order to correct the problem. A copy of the letter sent to owners is enclosed for your information.

WHAT IS THE PROBLEM?

On motor homes affected by this recall, the Manufacturer Federal Certification tag figures relate to the Occupant and Cargo Carrying Capacity (OCCC) were calculated incorrectly allowing additional load carrying capacity. Overloading may have an adverse affect on motor home handling.

To correct this non-compliance, it is necessary to replace the Manufacturer Federal Certification tag as described in the enclosed Recall Service Bulletin #80624.

WHAT SHOULD YOU DO?

Please check your motor home inventory and perform the repair procedure on affected units as outlined in the attached Service Bulletin #80624. It is imperative that this procedure be completed prior to the sale of the affected units so your customers will not be inconvenienced.

Owners of the above mentioned motor homes have been asked to contact their Fleetwood dealer to have the described non-compliance remedied. In the event that a customer contacts you, please verify eligibility by referring to the serial number range listed in the enclosed Recall Service Bulletin #80624 prior to beginning the inspection and repairs.

Once repairs are completed, have the customer sign your dealership's Internal Repair Order and submit your request electronically through e-FDN, or you may also have the customer sign the Fleetwood Repair Order (form X-SR-042) and submit for reimbursement in accordance with Service Bulletin #80624. Customers will not be charged for these repairs.

If you have one of these vehicles in your inventory, you will be mailed a Safety Recall Notice for that specific motor home. Fleetwood is asking our dealers to make repairs to stock units on dealer lots prior to sale or lease.

Federal Law (Section 154 of the National Highway Traffic and Motor Vehicle Safety Act) of 1966 requires that: If you have received a notice of recall or failure to comply from Fleetwood or any component manufacturer, you must repair or otherwise correct the defects on vehicles remaining in your inventory according to the notification, before selling or leasing the vehicles. Any vehicle lessor receiving this recall notice must forward a copy of the notice to the lessee within ten days.

Please review this entire package with your parts and service staff to familiarize them with the step-by-step procedure and implement the Voluntary Safety Recall Campaign.

Thank you for helping Fleetwood with its continuing efforts to maintain customer satisfaction. If you have any questions, please contact your regional Fleetwood Service Center.

Sincerely,

FLEETWOOD ENTERPRISES, INC.
