January 27, 2009

Dear George H. Person & Kelly Schuller;

According to an e-mail from your office dated September 3, 2008 and sent again September 4, 2008. Pleasure-Way was informed our first quarterly report was due in January of 2009. In preparing for this report I came across the attached notification on line. To date I have not received this notification by any other form such as mail, e-mail or fax.

I am currently preparing the first report for your office, for the fourth quarter of 2008. It will be submitted January of 2009.

Phil Nickel for Pleasure-Way Industries Ltd.

Phil N

Subject: UPDATED CUSTOMER LETTER AND ENVELOPE

Good morning,

Your updated customer letter and envelope sample look fine. Go ahead and start mailing whenever you are ready.

Just let me know the date you start mailing so I can add it to our database. Your quarterly reports are figured out by using the owner notification date, i.e., you start mailing in September so your first quarterly report to us will be due in our office during January 2009.

Let me know if you have any questions or concerns.
