This notice is sent to you in accordance with the requirements of the National Traffic and Motor Vehicle Safety Act.

Foreign Tire Sales, Inc., ("FTS") has decided that certain Maersk 10.20 and 11-22.5 bias ply container chassis tires bearing DOT Nos: for 11.22-5 043UFTS 2605-5205 for 10.20 042JFTS 2605-5205 fail to conform to Federal Motor Vehicle Safety Standard No. 119 New pneumatic tires for vehicles other than passenger cars.

Safety Defect
Affected tires do not have the required maximum single load use rating on the sidewall. Improperly labeled tires may result in improper selection and use.

Permanent Corrective Action
You may return any affected tire to the dealer where you purchased it. The dealer will brand the sidewall with the applicable maximum single use load range. This action will neither effect the operation nor safety of the tire.

How Long Will it Take?
The time needed for this service is less than one half day per tire. Please make appropriate arrangements with your dealer.

If the dealer doesn't make the repair promptly and without charge, you may contact Foreign Tire Sales, Inc., at 1-800-634-8335. You also may send a complaint to the Administrator, National Highway Traffic Safety

Administration, 1200 New Jersey Avenue, S.E., Washington, D.C. 20590 or call the toll free Vehicle Safety Hotline 1-888-327-4236 (TTY: 1-800-424-9153), or go to http://www.safercar.gov.

We regret the inconvenience this service may cause you, but we want you to have the work done for your safety and satisfaction with your FTS imported tires.

Sincerely,

Richard Kuskin
President
