

April 18, 2008

Dear Toyota Customer:

This notice is sent to you in accordance with the requirements of the National Traffic and Motor Vehicle Safety Act. Southeast Toyota Distributors, LLC, has decided that a defect relating to motor vehicle safety exists on certain Toyota vehicles:

- 2007 Toyota Tundra with 18" Southeast Toyota port installed Enkei alloy wheels (option code WN1 and WN4).
- 2007 Toyota Tundra with 20" Southeast Toyota port installed BBS alloy wheels (option code WV1 and WV4).

**What is the problem?**

At the Southeast Toyota processing centers in Jacksonville, FL and Commerce, GA, an alloy tire/wheel was installed as an upgrade. The upgrade included 4 alloy wheels with attaching wheel nuts. It has been determined that the wheel nuts may crack and break if the wheels are not installed carefully or if the wheel nuts are not carefully torqued. This condition may occur at time of wheel installation, tire rotation or service.

In the worst case, a crash could result if a vehicle's wheel has this cracked or broken wheel nut condition and the wheel becomes loose and falls off the vehicle.

**What will Southeast Toyota Do?**

Any Southeast Toyota Dealer will replace the attaching wheel nuts. This will be done at no cost to you.

**What should you do?**

Contact any Southeast Toyota Dealer and make an appointment to have the wheel nuts replaced. The time to perform this repair is less than 1 hour. However, depending upon the dealer's work schedule, it may be necessary to make your vehicle available for a longer period of time.

**Please present this notice to the Southeast Toyota Dealer when you bring the vehicle in for your service appointment.**

If you are not in the Southeast Toyota region (Alabama, Florida, Georgia, North Carolina, South Carolina) please contact the Southeast Toyota Customer Loyalty Department, 800-301-6859 for repair procedures. If you no longer own the vehicle, please use the enclosed form with pre-stamped envelope providing us with the name and address of the new owner.

**What if you have other questions?**

If you believe that your dealer or Southeast Toyota Distributors, LLC has failed, or is unable to remedy the defect within a reasonable time, you may submit a complaint to the Administrator, National Highway Traffic Safety Administration, 1200 New Jersey Avenue, SE., Washington, DC 20590; or call the toll-free Vehicle Safety Hotline at 1-888-327-4236 (TTY: 1-800-424-9153); or go to <http://www.safercar.gov>."

We have sent you this notice in the interest of your safety and continued satisfaction with our products and sincerely regret any inconvenience this safety recall may cause you.

Sincerely,

Southeast Toyota Distributors, LLC
