Re: Safety Recall – Missing Inverter Fuse

Dear Owner:

This notice is sent to you in accordance with the requirements of the National Traffic and Motor Vehicle Safety Act.

Monaco Coach Corporation has decided that a defect which relates to motor vehicle safety exists in specific Monaco 2007 Monarch, 2007-2008 Lapalma Rear Gas and Lapalma Diesel, Holiday Rambler 2007 Admiral, 2007-2008 Vacationer Rear Gas and Vacationer Diesel, and Safari 2007 Simba Class A motorhomes manufactured from March 23, 2006 through April 1, 2008.

According to our information, your unit identified on the enclosed form is affected. *Federal law requires that any vehicle lessor receiving this recall notice must forward a copy of this notice to the lessee within ten days.*

Monaco Coach Corporation determined that the motorhomes in this recall population which are equipped with an optional inverter were inadvertently not protected by a fuse. The fuse should be installed in the battery compartment in the rear of the passenger side of the motorhome between the battery source and the inverter. The inverter utilizes DC battery power and thus is required to be protected by a fuse per ANSI/RVIA Standard for Low Voltage Systems. With no fuse installed, a vehicle fire may result in the event of a malfunction of the inverter. As a result, Monaco Coach Corporation has elected to perform this voluntary safety recall campaign.

The remedy for the defect will be the installation of a 125 amp fuse to protect the inverter. The recall repair will be performed at no cost to you. If you have already discovered the non conformity which is the subject of this letter, and had it corrected prior to receiving this letter, you may be eligible for reimbursement for your remedy costs.

You may contact your Monaco Coach Corporation dealer to arrange for a service appointment. Instructions for making this correction have been sent to your dealer and parts are readily available.

The labor time necessary to perform this recall campaign is approximately 0.75 hours. Please contact your dealer to schedule an appointment and delivery of the appropriate parts.

The vehicle owner is responsible for having this service action performed. Monaco Coach Corporation specifically excludes coverage of incidental damages that may result from failure to have this recall performed. Please take immediate action to have this recall performed as soon as possible.

The enclosed Recall Notification Form identifies your motorhome and will serve as an authorization and claim form to have the correction made. Presentation of this form to your dealer will assist in making the necessary correction in the shortest possible time. If you have sold or traded your vehicle, or for any reason cannot have this recall service performed, please let us know by completing the postage paid reply card and returning it to us promptly.

Your Monaco Coach Corporation dealer is best equipped to provide service to ensure your motorhome is corrected as promptly as possible. If, however, you take your unit to your dealer on the agreed service date and the dealer does not remedy this condition on that date or within three (3) days, please call our toll free recall hotline at (800) 685-6545 or our toll free number for Customer Service at (877) 466-6226.

Sincerely,
