May 2008

## **SAFETY RECALL – LP GAS LINE**

**Recall Campaign No: 08V-189**

**Improper routing of propane gas line**

### **IMPORTANT**

#### **Re: Safety recall – LP gas line**

Four Winds International has initiated a safety recall campaign relating to 2008 and 2009 Model 25C Dutchmen, Four Winds, and Chateau motorhomes manufactured between September 2007 and April 2008. These motorhomes may have improper routing of the propane gas line to the slideout room.

Dear Owner:

This notice is sent to you in accordance with the requirements of the National Traffic and Motor Vehicle Safety Act.

#### **The Issue**

Four Winds International has decided that a defect which relates to motor vehicle safety exists in certain model year 2008 and 2009 Class C model 25C motorhomes. According to our records, your recreation vehicle contains this defect. Under certain conditions, the flexible gas line supplying propane to the appliances within the slideout room may be improperly routed or may have inadequate clearance causing a gas leak that could result in fire or explosion resulting in serious injury or death.

#### **What Will Four Winds International do?**

Four Winds will provide a no cost repair and reconfiguration of the propane gas line. Dealers of the Four Winds product have been provided with all information necessary to complete the recall.

**What Should You Do?**

Immediately close the gas valve at the propane tank and do not use the propane gas system until this safety campaign has been completed on your recreation vehicle. Contact your selling dealer or any Four Winds dealer to schedule a service appointment. If you require assistance locating a dealer or scheduling a service appointment, please contact Four Winds International at 574-266-1111.

Please contact Four Winds immediately via the enclosed postcard or at 574-266-1111, if you have changed your address or sold the vehicle.

While the actual repair time for defect remedy is anticipated to take approximately four hours, your dealer or service center may require you to leave the recreation vehicle for a longer period of time to allow for scheduling of the remedy.

If this defect has been repaired on your recreation vehicle prior to receipt of this recall notification and if you incurred direct repair cost associated with the remedy, you may seek reimbursement from Four Winds International. To obtain such reimbursement, you must submit the following information: 1) your name and mailing address; 2) the VIN (vehicle identification number); 3) a reference to this recall campaign, and; 4) a copy of the receipt and invoice for the repair. Please send the requested information to Four Winds International. PO Box 1486 Elkhart, IN 46515.

Four Winds has notified the National Highway Traffic Safety Administration of this recall and the procedure involved. However, should Four Winds fail or be unable to correct the defect without charge you may write to the Administrator, National Highway traffic Safety Administration, 1200 New Jersey Ave. S.E. Washington, DC 20590 or call the toll free Auto Safety Hotline at 888-327-4236, or you use the website <http://www.safercar.gov>.

Federal Regulation requires any lessor receiving this letter to forward it on to the lessee within 10 days.

Four Winds International is voluntarily issuing this recall campaign in the interest of preserving your safety. I regret any inconvenience caused by this campaign.

Sincerely,

Anthony Chupp  
Director of Consumer Services  
Four Winds International
