Subject: Business Class M2 Headlight Height

This notice is sent to you in accordance with the requirements of the National Traffic and Motor Vehicle Safety Act. This notice is also sent in accordance with the Canadian Motor Vehicles Safety Act.

Daimler Trucks North America LLC, on behalf of Freightliner Trucks Division, has decided that specific Freightliner All-Wheel Drive Business Class M2 vehicles and All-Wheel Drive Business Class M2 Sportchassis vehicles manufactured August 15, 2007 through March 25, 2009 may fail to conform to Federal Motor Vehicle Safety Standard (FMVSS) No. 108(5.3), Lamps, Reflective Devices, and Associated Equipment.

Certain vehicles may have been built with headlights which measure greater than 54 inches from the road surface. Federal Motor Vehicle Safety Standard 49CFR571.108(5.3) requires headlights to be not less than 22 inches, nor more than 54 inches above the road surface. Improper height on headlights may not fully illuminate the road surface or may inhibit the ability of motorists to see vehicles. This can increase the risk of traffic accidents that may result in injury or death.

The headlight height will be lowered to less than or equal to 54 inches.

Parts are now available for authorized dealers to order. Contact your authorized dealer to arrange to have the recall performed and to ensure that parts are available at the dealership. When you contact your dealer, refer to campaign number **FL531A**. Once kit(s) are received at the dealership, the Recall will take approximately five hours and will be performed at no charge to you.

IMPORTANT: When the Recall has been completed, please ensure that a label has been affixed to your vehicle referencing **FL531A**.

If you do not own the vehicle that corresponds to the identification number(s) which appears on the Recall Notification, please return the notification to the Warranty Campaigns Department with any information you can furnish that will assist us in locating the present owner. If you have leased this vehicle, Federal law requires that you forward this notice to the lessee within 10 days. If you are a subsequent stage manufacturer, Federal law requires that you forward this notice to your distributors and retail outlets within five working days. If you have paid to have this recall condition corrected prior to this notice, you may be eligible to receive reimbursement. Please see the reverse side of this notice for details.

If you are not able to have the defect remedied without charge and within a reasonable time, which is not longer than 60 days after you tender the vehicle for repair, please contact the Warranty Campaigns Department at (800) 547-0712, 7:00 a.m. to 4:00 p.m. Pacific Time, Monday through Friday, e-mail address DTNA.Warranty.Campaigns@Daimler.com, or the Customer Assistance Center at (800) FTL-HELP or (800) STL-HELP, after normal business hours.
