Monaco File R08018

Re: Safety Recall – Reroute LP line to slideout

Dear Owner:

This notice is sent to you in accordance with the requirements of the National Traffic and Motor Vehicle Safety Act.

Monaco Coach Corporation has decided that a defect which relates to motor vehicle safety exists in specific Holiday Rambler 2007-2009 Arista Class A and 2008 Atlantis SE Class C and Safari 2007-2009 Passage Class A and 2008 Ivory SE Class C motorhomes manufactured from October 25, 2006 through June 6, 2008. The affected floorplans include 310 and 315 for the Class A and 130 for the Class C motorhomes.

According to our information, your unit identified on the enclosed form is affected. *Federal law requires that any vehicle lessor receiving this recall notice must forward a copy of this notice to the lessee within ten days.*

Monaco Coach Corporation determined that the motorhomes in this recall population may inadvertently have the LP line routed from below the main floor through the slideout floor into the slideout house. There is a potential in some cases for the LP line to become entangled within the 12 Volt and 120 Volt wiring which could cause the hose to kink and/or become damaged which could lead to an LP leak. An LP leak could lead to a fire or explosion that could cause bodily injury or harm. As a precautionary measure, Monaco Coach Corporation has elected to perform this voluntary safety recall campaign.

The remedy will be the installation of a kit to replace and reroute the LP line. The recall repair will be performed at no cost to you. If you have already encountered the condition which is the subject of this recall letter, and had it corrected prior to receiving this letter, you may be eligible for reimbursement for your remedy costs.

You may contact your Monaco Coach Corporation dealer to arrange for a service appointment. Instructions for making this correction have been sent to your dealer and parts are readily available.

The labor time necessary to perform this recall campaign is approximately 2.50 hours. Please contact your dealer to schedule an appointment and delivery of the appropriate parts.

The vehicle owner is responsible for having this service action performed. Monaco Coach Corporation specifically excludes coverage of incidental damages that may result from failure to have this recall performed. Please have this recall performed as soon as possible.

The enclosed Recall Notification Form identifies your motorhome and will serve as an authorization and claim form to have the correction made. Presentation of this form to your dealer will assist in making the necessary correction in the shortest possible time. If you have sold or traded your vehicle, or for any reason cannot have this recall service performed, please let us know by completing the postage paid reply card and returning it to us promptly.

Your Monaco Coach Corporation dealer is best equipped to provide service to ensure your motorhome is corrected as promptly as possible. If, however, you take your unit to your dealer on the agreed service date and the dealer does not remedy this condition on that date or within three (3) days, please call our toll free recall hotline at (800) 685-6545 or our toll free number for Customer Service at (877) 466-6226.

If, after contacting your dealer, and the recall assistance service line, you believe Monaco Coach Corporation has failed or has been unable to remedy the noncompliance without charge or there has been an unreasonable delay in securing the remedy, you may submit a complaint to the Administrator, National Highway Traffic Safety Administration, 1200 New Jersey Avenue SE, Washington, DC 20590; or call the toll-free Vehicle Safety Hotline at 1-888-327-4236 (TTY:1-800-424-9153); or go to <http://www.safercar.gov>.

We apologize for any inconvenience that this may cause you. However, we have taken this action in the interest of your safety and continued satisfaction with your Monaco Coach Corporation motorhome.

Sincerely,

Michael R. Becker
