SAFETY RECALL # 08V-421

Dear Customer:

This notice is sent to you in accordance with the requirements of the National Traffic and Motor Vehicle Safety Act.

Pleasure-Way Industries Ltd. has decided that certain model year 2007-2008 motor homes fail to comply with the requirements of Federal Motor Vehicle Safety Standard #108 "Lamps, Reflective Devices and Associated Equipment." The rear hitch mount tire carrier impedes the visibility of the driver side rear tail, brake and signal light at a 45-degree angle. Poor visibility of the driver side rear tail, brake and signal light may increase the risk of a rear end collision.

Please take this notice as well as the attached instructions to your nearest Pleasure-Way Dealer or Vehicle Service Facility for immediate removal of the Hitch Mount Spare Tire Carrier. Have your dealer or service facility contact Phil Nickel at Pleasure-Way Industries 1-800-364-0189 for instructions and payment arrangement. The service will be at no charge to the Pleasure-Way owner.

This work will take .5 hour to complete. However, additional time may be required depending on how the dealer appointments are scheduled.

Pleasure-way is currently working on an alternative lighting solution to accommodate the spare tire carrier. Pleasure-Way will inform you when the solution is approved and when parts are available to complete this process.

Pleasure-Way regrets any inconvenience this may cause and appreciates your participation in this recall. "If after contacting your dealer, you are still not satisfied we have done our best to remedy this condition without charge and within a reasonable time, you may wish to write the Administrator, National Highway Traffic Safety Administration, 1200 New Jersey Avenue, SE., Washington, DC 20590; or call the toll-free Vehicle Safety Hotline at 1-888-327-4236 (TTY: 1-800-424-9153); or go to <http://www.safercar.gov>."

V.I.N.#

Sincerely

Phil Nickel for Pleasure-Way Industries Ltd.
