

RECREATIONAL VEHICLE SAFETY RECALL NOTICE

February XX, 2009

Dear Coachmen Owner:

This notice is sent to you in accordance with the requirements of the National Traffic and Motor Vehicle Safety Act.

Coachmen RV Company has decided that a defect which relates to motor vehicle safety exists in certain 2002 through 2008 Model Year recreational vehicles manufactured by Coachmen RV. These products were manufactured by Coachmen RV between June 15, 2001 and August 6, 2008. A listing of the affected RV models is enclosed with this letter.

SAFETY DEFECT

The vehicles subject to this recall campaign have a towel bar installed on the glass shower door. When pressure is applied to the towel bar, the edge of the bar may contact the glass and result in an increased risk of glass breakage and personal injury.

Following the enclosed instructions, please replace the mounting hardware immediately or as soon as possible prior to using your RV again. If you are not comfortable replacing the hardware yourself, at your earliest convenience, please make arrangements with your Coachmen Dealer to have the supplied mounting kit installed at no charge to you. The labor time to perform this correction is approximately 15 minutes.
