Attention: Recall Management Division (NVS-215)

Dear Sir/Madam:

Winnebago Industries, Inc. has started a recall campaign.

Winnebago Industries, Inc. has discovered certain motor homes fail to comply with the requirements of the Code of Federal Regulations (Part 567) Certification. A noncompliance exists whereby the affected vehicles were produced with a Vehicle Certification Label that states Load Range "G" tires when, in fact, the vehicles are equipped with Load Range "F" tires.

NOTE: This is not a safety issue. The Load Range "F" tires have the same load carrying capacity as the Load Range "G" tires with the tire pressure stated on the label. Either Load Range "F" or "G" will properly handle the stated axle ratings.

Winnebago Industries, Inc. started the notification January 2, 2009 and it was completed January 15, 2009.

For your files, copies of the dealer and owner letters are included.

Sincerely,

Donna Bindel
