Mr. Jameson,

Good morning. Should Farber choose not to file a 573 Defect Information Report with NHTSA, we will need a written response from your company answering questions #1-6 from our original letter.

Please let me know if you have any questions.

Thank you,

When we sell a vehicle, the chassis warranty paperwork is filled out by Farber Specialty Vehicles and submitted to the manufacturer.

Freightliner should have the owners names and address of the chassis involved, on file.
