Subject: Part 573 Defect & Noncompliance Responsibility Report – Ricon's Threshold Warning System & Ricon's Anti-Stow Interlock

Dear Sir:

1. Our company's role in the distribution of this equipment:
We are a distributor for Ricon products
2. We have not incorporated this equipment into new motor vehicles.
We do not install equipment or do any manufacturing. We will assist Ricon in notifying the customers this equipment was sold to.
3. A Noncompliance Information Report is not necessary because we are just a distributor for Ricon Corporation.
4. We will complete notifying the dealers these products were sold to by the end of September 2008.

Please feel free to contact me if you have any further questions or we need to supply more information to your office.

Sincerely,

Douglas E Cummings
United Mobility
