Action Required:	Remove Federal Certification Label and install correct.
Job Operation Code:	9901075
Series Code:	N/A
Repair Time:	.3 hours
Kit Part Number:	N/A
Parts Kit Includes:	N/A
Tools Required:	Shop rags, acetone
Additional Requirements:	N/A

Instructions

1. Peel off the incorrect Federal Certification label from the unit and discard it. (Fig. 1)

N NOTE: Canadian dealers will need to install the new cabinet label over the original in the unit. DO NOT remove the original.

2. Use acetone to remove adhesive residue from the trailer. Apply the acetone with a rag, rubbing in a circular motion.
3. Allow the surface to dry for approximately thirty (30) seconds.
4. Remove the protective back off the new Federal Certification label, align the labels in the appropriate position and adhere the labels to the trailer. Make sure to remove any air bubbles from the sticker.

! **Caution: Once the new labels have come in contact with the trailer, DO NOT attempt to remove or adjust it. If this occurs, the label will be permanently damaged and will not adhere properly to the trailer. If the label is damaged, a new label must be ordered.**
