Re: Safety Recall – Reroute LP line to slideout

Dear Monaco Coach Corporation Dealer:

Monaco Coach Corporation has decided that a defect which relates to motor vehicle safety exists in specific Holiday Rambler 2007-2009 Arista Class A and 2008 Atlantis SE Class C and Safari 2007-2009 Passage Class A, 2009 Ivory and 2008 Ivory SE Class C motorhomes manufactured from October 25, 2006 through June 6, 2008. The affected floorplans are 310 and 315 for Class A and 130 for Class C motorhomes.

A copy of the notification letter that is being sent to owners is enclosed.

The National Traffic and Motor Vehicle Safety Act provides that each vehicle that is subject to a recall campaign of this type must be adequately repaired within a reasonable time after the owner has tendered it for repair. Generally, failure to repair within sixty (60) days after the owner's first delivery for repair is assumed to be an unreasonable delay. In the owner letter, customers are instructed to contact Monaco Coach Corporation Customer Service (877-466-6226) or the Recall Hotline (800-685-6545) if on the agreed service date or within 3 days of the agreed date the dealer does not remedy the condition.

THE ISSUE

Monaco Coach Corporation determined that the motorhomes in this recall population may inadvertently have the LP line routed from below the main floor through the slideout floor into the slideout house. There is a potential in some cases for the LP line to become entangled within the 12 Volt and 120 Volt wiring which could cause the hose to kink and/or become damaged which could lead to an LP leak. An LP leak could lead to a fire or explosion that could cause bodily injury or harm. As a precautionary measure, Monaco Coach Corporation has elected to perform this voluntary safety recall campaign.

AFFECTED UNITS

If our records indicate that you have any of the affected vehicles in your inventory, you will also receive an owner notification letter identifying those units. *Federal law requires that any vehicle lesser receiving this recall notice must forward a copy of this notice to the lessee within ten days.*

THE REPAIR

The remedy will be the installation of a kit to replace and reroute the LP line. Please review the repair instructions for the labor operation code and labor time allowance. Parts are readily available by faxing the enclosed Recall Parts Purchase Order to 1-800-498-9478. If you have any questions concerning the repair procedure, please contact a member of our Technical Support staff toll free at the dealer hotline (877-332-9239) and refer customers and non dealers to call 877-466-6226.

The vehicle owner is responsible for having this service action performed. Monaco Coach Corporation specifically excludes coverage of incidental damages that may result from failure to have this recall performed. Please have this recall performed as soon as possible.

DEALER CAMPAIGN RESPONSIBILITY

All unsold new/used vehicles in dealer's possession and subject to this campaign must be held and inspected/repaired per the service procedure of this campaign bulletin before owners take possession of these vehicles. Dealers are to service all vehicles subject to this campaign at no charge to owners, regardless of mileage, age of vehicle, or ownership, from this time forward.

Owners of vehicles recently sold from your new/used vehicle inventory for which the dealer receives the owner recall notification are to be contacted by the dealer, and arrangements made to make the required correction according to the instructions enclosed with this bulletin. This could be done by mailing to such owners a copy of the applicable owner letter accompanying this bulletin. Please also notify Monaco Coach Corporation of any such owner for whom you have received notification.

In summary, whenever a vehicle subject to this campaign enters your vehicle inventory, or is in your dealership for service in the future, please take the steps necessary to be sure the campaign correction has been made before selling or releasing the vehicle.

In addition to a letter, owners will receive a recall notification/dealer claim form. The vehicle owner will present this form to you upon arrival for the service appointment. Please review the instructions on the face of the notification form and fill in the claim portion when the repair is completed.

Sincerely,

Michael R. Becker
Customer Service Manager
Monaco Coach Corporation
