

SAFETY RECALL SECOND NOTICE

October 27, 2008

NHTSA SAFETY RECALL CAMPAIGN # 08V-090

“POLICE MODEL ABS BRAKE LINE”

Dear Harley-Davidson Motorcycle Owner:

In March 2008 you and other registered owners were notified by the attached letter that a defect which relates to motor vehicle safety exists on certain 2005 through 2007 police and escort motorcycles (models: FLHP, FLHPI, FLHTP, FLHTPI, FLHPE, and FLHPEI) built from February 25, 2004 through July 1, 2007. This is a follow-up to that earlier communication.

Our records indicate you have not responded to our recall notice. Therefore, we are sending you this second notice in order to re-emphasize the importance of having your motorcycle serviced immediately to remedy the safety issues described in our earlier letter. A brief description of the defect and safety issue involved is described in the attached copy of our earlier letter to you.

Please contact your Harley-Davidson dealer immediately for an appointment to have your motorcycle serviced according to instructions contained in the letter attached.

If your dealer has already serviced your motorcycle under this recall, you are receiving this letter because we have not been notified that the work had been completed. We ask that you contact your dealer and have them notify Harley-Davidson that the work has been completed for our records as required by law. (Disregard this instruction if you have had the service completed recently, since it takes some time for processing of information). This will assist us in accurately reporting vital information to NHTSA about your vehicle, as required by law.

If you have sold your motorcycle, please fill out and mail the enclosed Motorcycle Owner Card with the appropriate information about your purchaser. This will enable us to contact him/her and advise that person of this recall.

Sincerely,

Harley-Davidson Motor Company, Inc.

NHTSA # - 08V-090

Dear Harley-Davidson Motorcycle Owner:

This notice is being sent to you in accordance with the requirements of the National Traffic and Motor Vehicle Safety Act.

Harley-Davidson Motor Company, Inc. has decided that a defect relating to motor vehicle safety exists on certain 2005 through 2007 police and escort motorcycles (models: FLHP, FLHPI, FLHTP, FLHTPI, FLHPE and FLHPEI) built February 25, 2004 through July 1, 2007. These vehicles are equipped with anti-lock brake systems (ABS), in which inconsistencies in the routing of the brake lines can cause abrasion of the brake lines and hoses. In some cases this condition has caused brake fluid leaks. Loss of brake fluid could lead to loss of brake function, which could lead to a crash resulting in injury or death.

Our records indicate that you purchased one of the model motorcycles listed above that may have the condition involved in this recall.

We strongly urge you to contact your dealer to make arrangements to have the appropriate service performed as soon as possible.

Please contact your Harley-Davidson motorcycle dealer immediately and arrange an appointment to have your vehicle inspected and repaired. Actual dealer labor time to perform this service will be less than three hours; however, due to scheduling, the dealer may require your motorcycle for a longer period of time. The parts and labor will be free of charge to you. Shipping of recall kits to the dealerships will begin the week of April 7, 2008.

To verify that the service has been completed, your Dealer will ask you to sign a recall claim. If you have sold your motorcycle, please forward the appropriate information about your purchaser. This will enable us to contact him/her and advise that person of this recall. Also, Federal regulation requires that any vehicle lessor receiving this recall notice must forward a copy of this notice to the lessee within ten days.

If you have had this defect repaired before you received this letter, you may be eligible to receive reimbursement for the cost of obtaining a pre-notification remedy of the problem associated with this recall. For more information contact Harley-Davidson at 1-414-343-4056. Should you choose to ride your motorcycle prior to this service, we urge you to be aware of this condition.

If you take your motorcycle to your dealer on a mutually agreed upon date and they do not perform the required service to your satisfaction, please contact Harley-Davidson Motor Company, Inc. for immediate assistance at the address or telephone number listed on this letterhead. If your dealer or Harley-Davidson Motor Company, Inc. fails or is unable to remedy your motorcycle without charge within a reasonable time, you may wish to inform the Administrator, The National Highway Traffic Safety Administration, 1200 New Jersey Avenue, SE, Washington, DC 25090, or call the toll-free Auto Safety Hotline at 1-888-DASH-2DOT (TTY: 1-800-424-9153); or contact NHTSA at <http://www.safercar.gov>.

We regret any inconvenience this may cause you, but we are initiating this action in the interest of your personal safety and satisfaction with our products. Thank you for your cooperation.

Sincerely,

Harley-Davidson Motor Company, Inc.
