**Re: Defect Information Report - Supplemental Report No. 4
08V-154, FL-529, High Current Tail Lamp PDMs
Owner Renotification**

Mr. Smith,

In accordance with Part 573.6(c)(10) of Title 49 of the Code of Federal Regulations, Daimler Trucks North America LLC herewith submits supplemental defect information and a copy of documents distributed to owners. 143 owners were re-notified beginning and ending on October 25, 2010. A copy of communications sent to owners is attached.

Please contact me if you have any questions.

Sincerely yours,

Nasser Zamani

REMINDER NOTICE

Subject: High Current Tail Lamp PDMs

This notice is sent to you in accordance with the requirements of the National Traffic and Motor Vehicle Safety Act. This notice is also sent in accordance with the Canadian Motor Vehicles Safety Act.

Daimler Trucks North America LLC, on behalf of its Freightliner Trucks Division, has decided that a defect which relates to motor vehicle safety exists on specific Freightliner Business Class M2 vehicles with high current tail lamp PDMs manufactured between June 15, 2005, and January 2, 2007.

Certain vehicles may have been built with Power Distribution Modules (PDMs) installed in locations that are highly susceptible to water intrusion. This may lead to a loss of rear lighting, impairing the visibility of the truck to following vehicles, and may lead to a possible vehicle crash without prior warning.

If the vehicle are not used to tow trailers, the PDMs will be removed and discarded. If the vehicles are used to tow trailers, new PDMs will be installed inside the cab.

IMPORTANT: When you make arrangements to have the recall performed, please inform your dealer whether your vehicle will be used to tow a trailer or not. This information will determine the work needed for your vehicle.

This is a follow up to a previous communication. Our records indicate that your vehicle has not yet had this recall performed. Please make arrangements to have this repair done as soon as possible. If it has been completed, please disregard this letter.

Parts are now available for authorized dealers to order. Contact your authorized dealer to arrange to have your vehicle(s) modified and to assure that parts are available at the dealer. To locate a dealer, search online at www.FreightlinerTrucks.com or contact the Warranty Campaigns Department for assistance.

When you contact your dealer, refer to campaign number **FL529A**. Once kit(s) are received at the dealership, the Recall will take between a half hour and two and a half hours depending on the work required and will be **performed** at no charge to you.

IMPORTANT: When the Recall has been completed, please ensure that a label has been affixed to your vehicle referencing **FL529A**.

If you do not own the vehicle that corresponds to the identification number(s) which appears on the Recall Notification, please return the notification to the Warranty Campaigns Department with any information you can furnish that will assist us in locating the present owner. If you have leased this vehicle, Federal law requires that you forward this notice to the lessee within 10 days. If you are a subsequent stage manufacturer, Federal law requires that you forward this notice to your distributors and retail outlets within five working days.

If you are not able to have the defect remedied without charge and within a reasonable time, which is not longer than 60 days after you tender the vehicle for repair, please contact the Warranty Campaigns Department at (800) 547-0712, 7:00 a.m. to 4:00 p.m. Pacific Time, Monday through Friday, e-mail address DTNA.Warranty.Campaigns@Daimler.com, or the Customer Assistance Center at (800) FTL-HELP or (800) STL-HELP, after normal business hours. You may also wish to submit a complaint to the Administrator, National Highway Traffic Safety Administration, 1200 New Jersey Avenue, SE., Washington, DC 20590; or call the Vehicle Safety Hotline at (888) 327-4236 (TTY: 800-424-9153); or to <http://www.safercar.gov>. If your vehicle is involved in the Canadian portion, you may wish to notify Transport Canada, ASFAD, Place de Ville Tower C, 330 Sparks Street, Ottawa, ON K1A 0N5, or phone (800) 333-0510.

We regret any inconvenience this action may cause but feel certain you understand our interest in motor vehicle safety.
