OASIS

OASIS is activated to help dealers identify which vehicles may be eligible under this program. FSA VIN lists are available for identification of in stock vehicles. Because this is a Caterpillar program, the Open/Closed status in OASIS and the FSA VIN lists will not be updated as vehicles are repaired. As a result, dealers must verify vehicle eligibility with Caterpillar (800-447-4986) prior to performing repairs.

PLEASE NOTE

Federal law requires dealers to complete this recall service before a new vehicle is delivered to the buyer or lessee. Violation of this requirement by a dealer could result in a civil penalty of up to \$6,000 per vehicle. Correct all vehicles in your new vehicle inventory prior to delivery.
