Each manufacturer must furnish a report, to the Associate Administrator for Enforcement, for each noncompliance condition.

This guide was developed from 49 CFR Part 573, "Defect and Noncompliance Responsibility and Reports" and also outlines information currently requested. Any questions please consult the complete Part 573 or contact Mr. George Person at (202) 366-5210 or FAX at (202) 366 7882.

I. Identify the Recalled Items of Equipment

2. Identify the Items of Equipment Involved in this Recall, *for each make and model or applicable item of equipment product line (provide illustrations or photographs as necessary to describe the item of equipment), provide :*

See attached list A (column A, B, C, D, E)

Identify the approximate percentage of the production of all the recalled models manufactured by your company between the inclusive dates of manufacture provided above, that the recalled model population represents. For example, if the recall involved Widgets equipped with certain items of equipment from January 1, 1996, through April 1, 1997, then what was the percentage of the recalled Widgets of all Widgets manufactured during that time period.

See attached list A (column F)

II. Identify the Recalled Population

3. Furnish the total number of items of equipment recalled potentially containing the noncompliance

See attached list A (column G)

4. Furnish the approximate percentage of the total number of items of equipment estimated to actually contain the noncompliance: **100%**

Identify and describe how the recall population was determined—in particular how the recalled models were selected and the basis for the beginning and final dates of manufacture of the recalled items of equipment:

We have performed a thorough inspection on the products by lacking of amber reflex reflector that the original lamp has, which were sold after January of 2004.

III. Describe the Noncompliance

5. Describe the noncompliance. The description should address the nature and physical location of the noncompliance. Illustrations should be provided as appropriate.

The noncompliance lamps listed in Question # 3 are lamps mounted at or near the front of the vehicle. The listed noncompliance should equip with amber reflex reflector.

Describe the cause(s) of the noncompliance condition.

The listed items are equipped with clear reflex reflector which is not compliance with FMVSS108. The listed items should equip with amber reflex reflector if amber reflex reflector is equipped with Original Equipped lamps.

Describe the consequence(s) of the noncompliance condition.

Under the standard of FMVSS108, all vehicles should equip with amber reflex reflector mounted at or near the front of the vehicle. Amber reflex reflector will point out the direction of that vehicle during darkness.

Identify any warning which can (a) precede or (b) occur.

No warning sign will be indicated if the vehicle is missing amber reflex reflector. The amber reflex reflector can be noticed from outside of a vehicle.

If the noncompliance is in a component or assembly purchased from a supplier, identify the supplier by corporate name and address.

The noncompliance items listed in attachment are supplied by the company listed below:

APEXPLUS INTERNATIONAL LIMITED
UNIT 801, 8/F, BONHAM TRADE CENTRE,
50 BONHAM STRAND, HONG KONG

Identify the name and title of the chief executive officer or knowledgeable representative of the supplier:

Patrick Ko – Sales Manager

IV. Provide the Chronology in Determining the Noncompliance

6. With respect to a noncompliance, identify and provide the test results or other data (in chronological order and including dates) on which the noncompliance was determined.

We perform a detailed inspection on all of our products. We examine our products that we offered for sale with the amber reflex reflector which originally equipped on the OE lamps.

V. Identify the Remedy

7. A description of the manufacturer's program for remedying the noncompliance. This program shall include a plan for reimbursing an owner or purchaser who incurred costs to obtain a remedy for the problem addressed by the recall within a reasonable time in advance of the manufacturer's notification of owners, purchasers and dealers, in accordance with §573.13 of this part. A manufacturer's plan may incorporate by reference a general reimbursement plan it previously submitted to NHTSA, together with information specific to the individual recall. Information required by §573.13 that is not in a general reimbursement plan shall be submitted in the manufacturer's report to NHTSA under this section. If a manufacturer submits one or more general reimbursement plans, the manufacturer shall update each plan every two years, in

accordance with §573.13. The manufacturer's remedy program and reimbursement plans will be available for inspection by the public at NHTSA headquarters.

Dope Inc. will open a recall program of the noncompliance products. A recall program consists of contacting the customers who has purchased the listed noncompliance lamps from us, and a full refund of the products will be issued to the customers.

8. Furnish a description of the manufacturer's remedy for the noncompliance. Clearly describe the differences between the recall condition and the remedy.

Dope Inc. will open a recall program and notify our customers of the noncompliance lamps. All noncompliance products received by our customers will be fully refunded to them. All noncompliance products collected by the recall will be export back to the oversea suppliers or scrapped.

Clearly describe the distinguishing characteristics of the remedy component/assembly versus the recalled component/assembly.

Dope Inc. at the present time cannot provide the remedy replacement assembly for the noncompliance products until the new replacement assembly meet the FMVSS108 requirement. A full refund can be offered to the customers only at this time.

Identify and describe how and when the recall condition was corrected in production. If the production remedy was identical to the recall remedy in the field, so state. If the product was discontinued, so state.

Dope Inc. will discontinue the list of noncompliance products. All noncompliance products received by the recall will be ship back to overseas suppliers, local suppliers, or will be destroy and scrapped. We will be more caution on the products we import from oversea and purchase from local supplier to meet the requirement of FMVSS108.

VI. Identify the Recall Schedule

9. Furnish a schedule or agenda (with specific dates) for notification to other manufacturers, dealers/retailers, and purchasers. Please, identify any foreseeable problems with implementing the recall.

A recall notice letter will be attached along with this report. Once the letter is being approved by your office, we will send out to our customers.

VII. Furnish Recall Communications

10. Furnish a final copy of all notices, bulletins, and other communications that relate directly to the noncompliance and which are sent to more than one manufacturer, distributor, or purchaser. This includes all communications (including both original and follow-up) concerning this recall

from the time your company determines the noncompliance condition on, not just the initial notification. *A DRAFT copy of the notification documents should be submitted to the Office of Defects Investigation by Fax (202-366-7882) for review prior to mailing.*

Note: These documents are to be submitted separately from those provided in accordance with Part 579.5 requirements.
