Ms. Schuler:

Attached is an emended Defect and Noncompliance Information Report and an emended Population Identification List for recall having assigned NHTSA Recall Campaign Identification No. 09V-260. During the initial compilation process identifying the affected vehicle population, a data field was inadvertently dismissed resulting in the inclusion of 20 unaffected vehicles and the omission of 10 affected vehicles.

Revision summary:

The 2007 Ventana DP is identified as a potentially affected vehicle.
The affected population total size was changed from 328 to 318.

Notice of the defect has been provided to the owner's of the ten previously unidentified vehicles. I apologize for any generated confusion.

If you have any questions, please do not hesitate to contact me directly.

Respectfully,

Ryan A. Lehman

NEWMARCORP.COM

49 CFR Part 573.6 Defect and Noncompliance Information Report

On Monday, June 22, 2009; Newmar Corporation, a recreational vehicle manufacturer, identified a potential defect that may relate to motor vehicle safety and may exist in the vehicles listed below. Newmar Corporation is furnishing notification to the National Highway Traffic Safety Administration in accordance with 49 CFR Part 573.6, Defect and Noncompliance Information Report.

Newmar Corporation's campaign identification number will be assigned by NHTSA.

(1) Final Stage Vehicle Manufacturer.

Newmar Corporation
355 N Delaware St
Nappanee, IN 46550-0030

Inquiries should be directed to:

Carol Walker
Consumer Affairs
Newmar Corporation
355 N Delaware St
Nappanee, IN 46550-0030
Phone: (574) 773-7791
Fax: (574) 773-2007

This report was prepared on Monday, July 06, 2009 by:

Ryan A. Lehman
Codes and Compliance Manager
Newmar Corporation
355 N Delaware St
Nappanee, IN 46550-0030
Phone: (574) 773-7791

(2) Identification of Vehicles.

The vehicle models involved in this recall are:

- 2008 - 2009 All Star ME — motor home
- 2009 - 2010 Dutch Star DP — motor home
- 2008 Kountry Star DP — motor home
- 2007 - 2009 Ventana DP — motor home

These vehicles were manufactured by Newmar Corporation between April 16, 2007 and April 22, 2009.

(3) Comprehensive Vehicle Population

The total number of vehicles included in this campaign is 318.

(4) Effected Population Assessment.

It is estimated that 100% of the isolated vehicles may contain the defect.

(5) Defect Description.

An inadvertent deviation in ground cable sizing occurred following a revised wiring harness specification for specific electric leveling systems and resulted in wire gauge undersizing. Undersized electrical conductors may result in conductor failure, creating a shock or fire hazard. Failure of the cable may occur without obvious preceding indicators.

(6) Principle Event Chronology.

On May 14, 2009; Newmar Corporation received correspondence from a field representative indicating that the ground cable for the electric leveling system in a specific recreational vehicle appeared to be improperly sized. The observation was made during routine maintenance procedures and had not resulted in an equipment or system failure. On June 9, Newmar determined that this may not have been an isolated manufacturing incident.

Immediately following June 9, internal reviews of engineering design and manufacturing processes were conducted. The determination was made that electrical requirements, specified by Newmar procedures, were not being met.

(7) Material Data and Other Relevant Information.

Newmar Corporation is not aware of any property damage, injury, or death, in vehicles manufactured by Newmar, attributed directly or indirectly to failure of the electric leveling system grounding cable.

(8) Defect Remedy Program.

This recall strictly involves the addition of a properly sized grounding cable. Newmar Corporation will supply remedy instructions, in the form of a Technical Service Bulletin, upon completion.

Newmar will commence owner notification following isolation of the affected population and NHTSA approval of the owner notification letter. A draft letter will be submitted for review upon completion.

(9) Distributed Notices and Other Communications.

We are continuing preparation of required documentation which will be sent via post or electronic mail.
