

October 2009

Dear General Motors Customer:

General Motors recently notified you regarding a recall involving the repair or replacement of the shift cable assembly in your 2009 model year Buick Enclave; Chevrolet Cobalt, HHR, Malibu, Traverse; GMC Acadia; Pontiac G5, G6; Saturn AURA or OUTLOOK. Upon further investigation, we have determined that your vehicle was not built with the shift cable assembly that is being recalled and you should not have received the notification letter.

If you have already had your vehicle serviced for this recall, we are sorry for any inconvenience our error may have caused you.

If you have not yet had your vehicle serviced for this recall, there is no need for you to take your vehicle to your dealer for service.

Again, we apologize if this error has caused you any concern regarding the integrity of the shift cable assembly in your vehicle. Please be assured that the condition addressed by the recall does not affect your vehicle.

If you have any questions regarding this matter, please contact your dealer/retailer or the GM Customer Assistance Center.
