IMPORTANT RECALL INFORMATION #90521

July 2, 2009

**TO: ALL FLEETWOOD DEALER PRINCIPALS,
SERVICE MANAGERS
AND PARTS MANAGERS**

**SUBJECT: RECALL CAMPAIGN #90521 – Certain 2009
and 2010 model year Jamboree, Tioga Ranger and
Jamboree Sport model motor homes, built on a Ford
E450, requiring a brake line extension.**

Fleetwood Enterprises, Inc., on behalf of its subsidiary manufacturing center located in Riverside, California, is requesting your assistance in conducting a voluntary recall notification campaign in accordance with the National Traffic and Motor Vehicle Safety Act.

Fleetwood Enterprises, Inc. has decided that a defect, which relates to motor vehicle safety, exists in certain 2009 and 2010 model year Jamboree, Tioga Ranger and Jamboree Sport model motor homes. These motor homes were manufactured at our Riverside, California manufacturing plant from April 15, 2009 through May 13, 2009.

We are notifying owners of the affected units in order to correct the problem. A copy of the letter sent to owners is enclosed for your information.

WHAT IS THE PROBLEM?

On certain 2009 and 2010 model year Jamboree, Tioga Ranger and Jamboree Sport model motor homes that were built on Ford E450 chassis and had wheelbases and brake lines extended, an improper flare nut and brake line flare may have been installed. The improper flare nut and flare may lead to leaking at the brake line connection. Loss of brake fluid may result in longer stopping distances and/or loss of brakes which may lead to loss of control and could result in a vehicle crash, death or injury.

WHAT SHOULD YOU DO?

Please check your motor home inventory and perform the repair procedure on affected units as outlined in the attached Service Bulletin #90521. It is imperative that this procedure be completed prior to the sale of the affected units so your customers will not be inconvenienced.

Owners of the above mentioned motor homes have been asked to contact their Fleetwood dealer to have the described safety defect remedied. In the event that a customer contacts you, please verify eligibility by referring to the serial number range listed in the enclosed Recall Service Bulletin #90521 prior to beginning the inspection and repairs.

Once repairs are completed, have the customer sign your dealership's Internal Repair Order and submit your request electronically through e-FDN. Customers will not be charged for these repairs.

If you have one of these vehicles in your inventory, you will be mailed a Safety Recall Notice for that specific motor home. Fleetwood is asking our dealers to make repairs to stock units on dealer lots prior to sale or lease.

Federal Law (Section 154 of the National Highway Traffic and Motor Vehicle Safety Act) of 1966 requires that: If you have received a notice of recall or failure to comply from Fleetwood or any component manufacturer, you must repair or otherwise correct the defects on vehicles remaining in your inventory according to the notification, before selling or leasing the vehicles. Any vehicle lessor receiving this recall notice must forward a copy of the notice to the lessee within ten days.

Please review this entire package with your parts and service staff to familiarize them with the step-by-step procedure and implement the Voluntary Safety Recall Campaign.

Thank you for helping Fleetwood with its continuing efforts to maintain customer satisfaction. If you have any questions, please contact Fleetwood Service at 800-816-9825.

Sincerely,

FLEETWOOD ENTERPRISES, INC.
