SAFETY RECALL NOTICE

NAME
ADDRESS

Dear Dealer or Distributor:

Columbia Northwest, Inc. has decided that the “In-Out 2-Burner Stove” installed as original equipment in our Aliner Classic and Aliner ST-1 recreational vehicles contains a defect that relates to motor vehicle safety. The stoves in question were manufactured and installed between January 2009 and August 2009. Please see the attached sheet to determine if your stove is part of the recall. If your recreational vehicle was not manufactured with the date range specified above, the stove does not contain a defect, and the vehicle is not covered by this recall.

Under extended use, a propane hose fitting may fail, causing fire in the stove housing of the identified recreational vehicles and may result in a vehicle fire.

We will provide you replacement parts and instructions to repair the stove and provide \$50 to cover the minimal labor associated with the repair.

Our records indicate that you purchased some of the recalled campers for resale to consumers. If you have information regarding the identity of any individuals who purchased one of these campers, please call us promptly at 724-423-7440 x101, if you have not already done so.

If you provided any of the stoves covered by this notification to independent distributors or dealers, you should transmit a copy of this letter to known distributors and retail outlets along the distribution chain within five days from its receipt.

If you still have any of the stoves covered by this notification in your possession or inventory, please contact us at 724-423-7440 x101. You will be advised how to return those stoves for a full refund or replacement. Please note that it is a violation of Federal law to sell any of the items covered by this notification unless the defect is remedied.

If you have any questions about this recall, please call us at the number provided above. We regret any inconvenience that this action may cause you, but we want to assure the safety of all potential occupants of Recreational Vehicles with these stoves. Thank you for your prompt attention to this important matter.

COLUMBIA NORTHWEST, INC.
