Ms. Schuler,

Following our conversation this morning, I have reviewed all documents submitted NHTSA by Newmar Corporation and all documents submitted Newmar by Norcold Inc. All documents received by Newmar, from Norcold, correctly reference Recall Campaign ID No. 09E-027. Correspondence initiated by Newmar and documents submitted to NHTSA may incorrectly refer to Recall Campaign ID No. 09E-026 (which is also a Norcold campaign). I believe that formal documents, submitted by Newmar to NHTSA, with incorrect references to 09E-026 are limited to the '573.6 Defect and Noncompliance Information Report' and TSB 364. All other reported and/or distributed documents and information are correct (e.g., defect description, population identification, repair instructions, and owner notification letters). I apologize for any confusion generated.

If you have any questions, please do not hesitate to contact me directly.

Respectfully,

Ryan A. Lehman
