RE: Recall 09V375000 quarterly reports

Dear Ms. Schuler,

Attached are quarterly reports from the 4th quarter of 2009 to the 3rd quarter of 2011. As you can see we were getting no response what so ever from the retail customer or the dealer. We sent out a second letter in December of 2010 to both the dealers and retail customers (form letter is attached also). In this second letter we included the corrected labels based on the average weights of units of like floor plans built after the units referred to in the recall.

I do apologize for our failure to properly comply with the required reporting.
If there is anything further that you require please do not hesitate to ask.

I will be following up on the other 3 recalls from the appropriate plants to find out why the reporting was not done and get it updated.

Regards,

William G. Conway Jr.

Sierra-Sandpiper

A division of FOREST RIVER, INC., 2012 Century Drive Goshen, IN 46528

December 13, 2010

(Dealer Name Address)

Reference: RECALL NUMBER 09V375000

Dear (Dealer Name):

This notice is being sent to you in accordance with the requirements of the National Traffic and Motor Vehicle Safety Act.

Forest River has decided that a defect which relates to motor vehicle safety exists in certain Sierra-Sandpiper products produced between April 8, 2009 and August 5, 2009. Our records indicate that you have in your possession one of these trailers identified with the following VIN:

(Insert VIN here)

The defect relates to the information indicating the cargo carrying capacity on the tire and loading information placard and the cargo carrying capacity placard is incorrect.

Accordingly, we are entering into a voluntary recall campaign. The recall campaign had involve the unit being weighed empty and dry at a certified weight scale and the information recorded on the enclosed card and mailed to Forest River, Inc.'s customer service department. However, due to the lack of response Forest River, Inc. has included with this letter of notification a complete set of labels with the correct information to replace the existing labels on the unit with the incorrect information.

If you no longer own the affected vehicle or, for any other reason cannot have the recall performed, please notify us in writing. If the vehicle has been sold, please give the name and address of the subsequent purchaser if it is known and/or the disposition of the trailer.

If you believe that the placard replacement has failed to remedy this defect or that there has been unreasonable delay in securing the placards, you may submit a complaint to:

**Administrator
National Highway Traffic Safety Administration
1200 New Jersey Avenue, SE.
Washington, D.C. 20590**

Or you may call the toll free Vehicle Hotline at 1-888-327-4236 (TTY: 1-800-424-9153); or go to <http://www.safercar.gov>.

A division of FOREST RIVER, INC., 2012 Century Drive Goshen, IN 46528

December 13, 2010

(Retail Customer Name Address)

Reference: RECALL NUMBER 09V375000

Dear (Customer Name):

This notice is being sent to you in accordance with the requirements of the National Traffic and Motor Vehicle Safety Act.

Forest River has decided that a defect which relates to motor vehicle safety may exist in certain Sierra-Sandpiper products produced between April 8, 2009 and August 5, 2009. Our records indicate that you own one of these trailers identified with the following VIN:

(Insert VIN here)

The defect relates to the information indicating the cargo carrying capacity on the tire and loading information placard and the cargo carrying capacity placard is incorrect.

Accordingly, we are entering into a voluntary recall campaign. The recall campaign had involve the unit being taken to a Forest River dealer and weighed empty and dry at a certified weight scale and the information recorded on the enclosed card and mailed to Forest River, Inc.'s customer service department.

However due to the lack of response to this request we have included a newest of labels with the correct information to be placed over the existing labels. Be sure to clean the surface with alcohol prior to attaching the label.

If you no longer own the affected vehicle or, for any other reason cannot have the recall performed, please notify us in writing. If the vehicle has been sold, please give the name and address of the subsequent purchaser if it is known and/or the disposition of the trailer.

If you believe that the placard replacement has failed to remedy this defect or that there has been unreasonable delay in securing the placards, you may submit a complaint in writing to:
