

Harley-Davidson Motor Company, 3700 West Juneau Ave., PO Box 653, Milwaukee, WI 53201 414/342-4680

Dear Harley-Davidson Motorcycle Owner:

This notice is being sent to you in accordance with the requirements of the National Traffic and Motor Vehicle Safety Act.

Harley-Davidson Motor Company, Inc. has decided that a defect which relates to motor vehicle safety exists on certain LED controller mounting brackets (P/N 70497-08) contained in Harley-Davidson Genuine Motor Accessories LED Turn Signal Mounting Kits (P/N 69951-08, black, and 69593-08, chrome) for 2002-2009 VRSC model motorcycles (excluding VRSCF model). Due to the design of the bracket, the controller may come in contact with the oil filter. Over time, this contact can lead to a hole in the oil filter and a possible oil leak. This condition might cause excessive oil to get on the rear tire, causing a loss of traction, possibly leading to a crash and potential injury or death. Harley-Davidson is recalling the subject brackets and will replace them free of charge.

Our records indicate that you purchased one of the kits listed above containing the mount bracket that may have the condition involved in this recall.

We strongly urge you to contact your dealer to make arrangements to have the appropriate service performed as soon as possible.

Please contact your Harley-Davidson motorcycle dealer immediately and arrange an appointment to have your vehicle repaired. Actual dealer labor time to perform this service will be less than one hour; however, due to scheduling, the dealer may require your motorcycle for a longer period of time. The parts and labor will be free of charge to you. Shipping of recall kits to the dealerships will begin the week of March 2, 2009.

To verify that the service has been completed, your Dealer will ask you to sign a recall claim. If you have sold your motorcycle, please forward the appropriate information about your purchaser. This will enable us to contact him/her and advise that person of this recall. Also, Federal regulation requires that any vehicle lessor receiving this recall notice must forward a copy of this notice to the lessee within ten days.

If you have had this defect repaired before you received this letter, you may be eligible to receive reimbursement for the cost of obtaining a pre-notification remedy of the problem associated with this recall. For more information contact Harley-Davidson at 1-414-343-4056.

If you take your motorcycle to your dealer on a mutually agreed upon date and they do not perform the required service to your satisfaction, please contact Harley-Davidson Motor Company, Inc. for immediate assistance at the address or telephone number listed on this letterhead. If your dealer or Harley-Davidson Motor Company, Inc. fails or is unable to remedy your motorcycle without charge within a reasonable time, you may wish to inform the Administrator, National Highway Traffic Safety Administration, 1200 New Jersey Avenue, SE, Washington, DC 20590, or call the toll-free Auto Safety Hotline at 1-888-327-4236 (TTY: 1-800-424-9153); or contact NHTSA at <http://www.safercar.gov>.

We regret any inconvenience this may cause you, but we are initiating this action in the interest of your personal safety and satisfaction with our products. Thank you for your cooperation.

Sincerely,

Harley-Davidson Motor Company, Inc.
