

SAFETY RECALL NOTICE

February 2009

<CustomerName>
<CustomerAddress>

Dear <CustomerName>:

This notice is sent to you in accordance with the requirements of the National Traffic and Motor Vehicle Safety Act.

General Motors has decided that a defect, which relates to motor vehicle safety, exists in certain <Year> model year <VINDivisionName> <Vehicle_Name> vehicles. As a result, GM is conducting a safety recall. We apologize for this inconvenience. However, we are concerned about your safety and continued satisfaction with our products.

IMPORTANT

- Your <Year> model year <VINDivisionName> <Vehicle_Name>, VIN <VIN>, is involved in safety recall <Recall>.
- Schedule an appointment with your <DIV_DLR> <dlr_rtr>.
- This service will be performed for you at **no charge**.

Why is your vehicle being recalled?

The brake lamps on your vehicle may not operate properly because of fretting corrosion in a wiring connector. Fretting corrosion in the connector could cause the brake lamps to illuminate when the brake pedal has not been depressed, or the lamps may not illuminate when the brake pedal is depressed. In addition, the cruise control may not engage, and greater brake pedal force may be required to shift the vehicle out of PARK. Brake lamps that are not operating properly may not warn a driver in a following vehicle of the braking status and could lead to a crash without prior warning.

What will we do?

Your <DIV_DLR> <dlr_rtr> will apply a dielectric lubricant to the connector to repair and prevent fretting corrosion. This service will be performed for you at **no charge**. Because of service scheduling requirements, it is likely that your <dlr_rtr> will need your vehicle longer than the actual service correction time of approximately 15 minutes.

What should you do?

You should contact your <DIV_DLR> <dlr_rtr> to arrange a service appointment as soon as possible. Bring the enclosed customer reply form with you when you visit your <dlr_rtr>. The form identifies the repairs required. If you no longer own this vehicle, please let us know by completing the form and mailing it back to us.

Did you already

The enclosed form explains what reimbursement is available and

Customer Reimbursement Procedure

If you have paid to have this condition corrected prior to this notification, you may be eligible to receive reimbursement.

Requests for reimbursement may include parts, labor, fees, and taxes. Reimbursement may be limited to the amount the repair would have cost if completed by an authorized <dlr_rtr>.

Your claim will be acted upon within 60 days of receipt of all required documents.

If your claim is:

- Approved, you will receive a check,
- Denied, you will receive a letter with the reason(s) for the denial, or
- Incomplete, you will receive a letter identifying the documentation that is needed to complete the claim and offered the opportunity to resubmit the claim when the missing documentation is available.

Please follow the instructions on the Claim Form provided on the reverse side to file a claim for reimbursement. If you have questions about this reimbursement procedure, please call the toll-free telephone number provided at the bottom of the form. If you have any questions or need assistance with any other concern, please contact the <VINDivisionName> Customer Assistance Center at <DivCACPhone>.
