This notice is sent to you in accordance with the requirements of the National Traffic and Motor Vehicle Safety Act.

Ford Motor Company has decided that a defect which relates to motor vehicle safety exists in your vehicle, which was built on a chassis supplied by Ford, with the Vehicle Identification Number shown above.

We apologize for this situation and want to assure you that, with your assistance, we will correct this condition. Our commitment, together with your dealer, is to provide you with the highest level of service and support.

What is the issue?

On your vehicle, a fuel tank protection bracket was not installed in the intended location. In certain types of very severe crashes, the fuel tank may be damaged and result in a leak. A fuel leak in the presence of an ignition source could result in a fire.

What will Ford and your dealer do?

Ford Motor Company has authorized your dealer to relocate this fuel tank protection bracket to its intended location free of charge (parts and labor).

How long will it take?

The time needed for this repair is less than one-half day. However, due to service scheduling requirements, your dealer may need your vehicle for a longer period of time.

What are we asking you to do?

Call toll-free 1-800-248-0186 and inform the Ford representative that you wish to have your vehicle serviced under Recall 09S08. Representatives are available 8:30AM to 6:30PM Monday through Friday, and 8:00AM to 3:00PM on Saturday (Eastern Time).

Please have this letter with you when you call. The Ford representative will ask for the Vehicle Identification Number (VIN) of your vehicle. The VIN is printed near your name at the beginning of this letter.

Arrangements will be made with the dealership of your choice to have parts available. If you do not already have a servicing dealer, you can access <http://www.genuineservice.com> for dealer addresses, maps, and driving instructions. The dealership will call you to schedule an appointment. If you have not heard from your dealer within two working days, call your dealer to request a service appointment.

Please note: Federal law requires that any vehicle lessor receiving this recall notice must forward a copy of this notice to the lessee within ten days.

What if you no longer own this vehicle?

If you no longer own this vehicle, and have an address for the current owner, please forward this letter to the new owner.

You received this notice because government regulations require that notification be sent to the last known owner of record. Our records are based primarily on state registration and title data, which indicate that you are the current owner.

Can we assist you further?

If you have difficulties getting your vehicle repaired promptly and without charge, please contact your dealership's Service Manager for assistance.
